1. SCOPE

1.1 Scope. This standard specifies a yarn color code to provide a means for the positive identification of manufacturers of certain types of nylon webbing. This code is intended to apply only to nylon webbings.

1.2 Purpose. The purpose of this standard is to identify manufacturers of certain types of nylon webbings.

1.3 Applicability. This standard is applicable to contracts by reference in the appropriate specification.

2. APPLICABLE DOCUMENTS

2.1 General. The documents listed in this section are specified in sections 3, 4 or 5 of this standard. This section does not include documents cited in other sections of this standard or recommended for additional information or as examples. While every effort has been made to ensure the completeness of this list, document users are cautioned that they must meet all specified requirements of documents cited in sections 3, 4 and 5 of this standard, whether or not they are listed.

2.2 Government documents. No Government documents are currently specified in this standard.

2.3 Non-Government publications. The following documents form a part of this document to the extent specified herein. Unless otherwise specified, the issues of these documents are those cited in the solicitation or contract.

THE STANDARD COLOR REFERENCE OF AMERICA, TENTH EDITION UNITED STATES ARMY COLOR CARD

(Copies of this document are available online https://www.colorassociation.com.)

2.4 Order of precedence. Unless otherwise noted herein or in the contract, in the event of a conflict between the text of this document and the references cited herein, the text of this document takes precedence. Nothing in this document, however, supersedes applicable laws and regulations, unless a specific exemption has been obtained.

3. DEFINITIONS – Not applicable

4. GENERAL REQUIREMENTS – Not applicable

5. DETAIL REQUIREMENTS

5.1 Yarn color assignment. The yarn identification colors which have been assigned to specific manufacturers are as follows (see 6.3).
