COMMERCIAL ITEM DESCRIPTION

CHALK LINE AND REEL (SELF CHALKING)

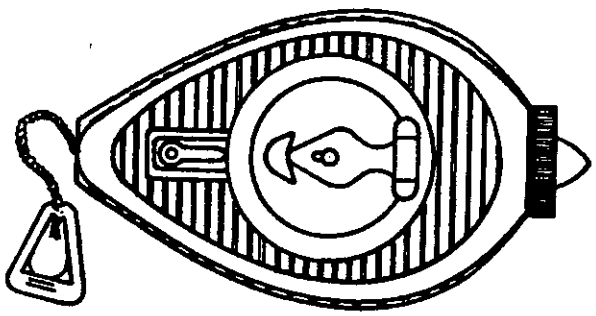

The General Services Administration has authorized the use of this Commercial Item Description by all federal agencies.

1. SCOPE. This Commercial Item Description covers chalk lines and reels used for marking construction lines.

2. CLASSIFICATION. Not applicable.

3. SALIENT CHARACTERISTICS.

3.1 Design. The chalk line shall consist of a case, reel, handle, line, hook ring, locking devise, and chalk powder.

Chalk line and reel.

3.1.1 Case. The case shall be made of corrosion resistant metal or have a corrosion resistant coating. The case shall not be less than 1/4 inch thick and hold not less than 1 ounce of chalk powder.

3.1.2 Reel. The reel shall be made of a corrosion resistant metal, plastic, or a combination of corrosion resistant metal and plastic. The reel shall be durable, rotate freely and be capable of containing the full length of line.

3.1.3 Handle. The handle shall be made of corrosion resistant metal or have a corrosion resistant coating. The handle shall be suitable for easily winding the line on the reel, shall fold to the center for unwinding, and have a length of not less than 1 inch.

Beneficial comments, recommendations, additions, deletions, clarifications, etc. and any other data which may improve this document should be sent to: General Services Administration, Federal Supply Service, Hardware SuperStore, 6FEE, 1500 Bannister Rd., Bldg.# 6, Kansas City, Missouri. 64131.

3.1.4 Line. Unless otherwise specified the line shall be 50 feet in length, made of nylon or number-12 medium-seine twine with three strands. The line shall be of natural color or the color of a mildew-resistant treatment. The line shall withstand a minimum of 24 pounds of tension without breaking.

3.1.5 Hook ring. The hook ring shall be made of corrosion resistant metal, and shall provide a positive means for holding one end of the line to the object to be marked, permitting one-man operation of the chalk line.

3.1.6 Locking device. When set to "on" the locking device shall prevent the line from being pulled from the reel.

3.1.7 Chalk powder. Unless otherwise specified the chalk powder shall be white in color. The chalk shall be a fine powder that is non-hardening and non-caking. There shall be a minimum of 1 ounce of chalk powder supplied with the chalk line.

3.2 Identification marking. The tool shall be marked with the manufacturer's name or identifying symbol and the state or country of manufacture, unless otherwise specified. All identification markings shall be etched, engraved, molded, or indented directly on the item's surface in such a manner that it remains clearly legible throughout the life of the item.

3.3 Workmanship. Details of workmanship shall be in accordance with the best commercial practices. Paints, coatings, plating, and finishes shall be smooth, adherent, continuous and not stained or discolored. External surfaces shall be free of tool and gouge marks, nicks, or other surface imperfections. The item shall be free from manufacturing workmanship defects (e.g. sharp or rough external edges, corners, or surfaces) and material workmanship defects (e.g. pits, rips, fins, burrs, tears, nodules, cracks, or blisters), which may adversely impact the item's serviceability, durability, safety, or appearance

4. REGULATORY REQUIREMENTS.

4.1 Recovered materials. The supplier/manufacturer is encouraged to use recovered materials to the maximum extent practicable, in accordance with paragraph 23.403 of the Federal Acquisition Regulation (FAR).

4.2 Metric products. Products manufactured to metric dimensions will be considered on an equal basis with those manufactured using inch-pound units, provided they fall within the tolerances specified (using conversion tables contained in the latest revision of Federal Standard 376) and all other requirements of this document are met. If a product is manufactured to metric dimensions and those dimensions exceed the tolerances specified in the inch- pound units, a request should be made to the contracting officer to determine if the product is acceptable.

5. PRODUCT CONFORMANCE.

5.1 Product Conformance. The products provided shall meet the salient characteristics of this Commercial Item Description, conform to the supplier's own drawings, specifications, standards and quality assurance practices, and the same product and offered for sale in the commercial market. The government reserves the right to require proof of such conformance.

5.2 Responsibility for inspection. Unless otherwise specified, the supplier is responsible for the performance of all inspection requirements and may use any commercial facilities (including the supplier's own facilities) suitable for performance of the inspection requirements, unless disapproved by the Government. The Government reserves the right to perform any inspections deemed necessary to assure the item conforms to the specified requirements.

6. PACKAGING. Requirements of preservation, packing, packaging, and marking of packages shall be as specified in the contract or order.

7. NOTES.

(This section contains information of a general or explanatory nature that is not mandatory.)

7.1 Addresses for obtaining copies of referenced documents:

GSA Specifications Section (3FP-E), Suite 8100, 470 L 'Enfant Plaza, SW, Washington, DC 20407.

Government Printing Office, (FAR), Superintendent of Documents, Washington, DC 20401-9371.

7.2 National Stock Numbers. (NSNs). The following NSN corresponds to the chalk line specified in this CID. This NSN may not be indicative of all possible NSNs associated with this CID.

NSN: 5210-00-273-9793

7.3 Ordering data. Purchasers should select the preferred options permitted herein and should include the following information in procurement documents.

(a) Title, number, and date of Commercial Item Description.
(b) When applicable, the appropriate NSN.
(c) If line length is other than 50 feet.
(d) If chalk powder color is other than white.

7.4 Key words. Chalk line and reel. (Self-chalking.)

MILITARY INTERESTS.

NONE: DoD has no registered interest in revisions and amendments to this Commercial Description until further notice.
