4.1 Delete entirely and substitute:

"4.1 Responsibility for inspection. Unless otherwise specified in the contract, the contractor is responsible for the performance of all inspection requirements as specified herein. Except as otherwise specified in the contract, the contractor may use his own or any other facilities suitable for the performance of the inspection requirements specified herein, unless disapproved by the Government. The Government reserves the right to perform any of the inspections set forth in the specification where such inspections are deemed necessary to assure supplies and services conform to prescribed requirements."

Add 4.1.1:

"4.1.1 Certificate of compliance. When certificates of compliance are submitted, the Government reserves the right to check test such items to determine the validity of the certification. (see 3.2.6)"

4.2 Delete title and substitute: "First article inspection".

4.3.1 Delete and substitute:

"4.3.1 Inspection of Components and Materials. In accordance with 4.1 above, components and materials shall be tested in accordance with all the requirements of referenced specifications, drawings and standards unless otherwise excluded, amended, modified or qualified in this specification or applicable purchase description. The contractor shall furnish a certificate of compliance for the pressure sensitive adhesive tape in 3.2.6."

PAGE 3

5.1.1.2 Delete "UU-T-111" and substitute "PPP-T-45".

PAGE 4

6.2 Delete "(c)" and substitute:

"(c) When first article is required (see 3.1, 4.2 and 6.3)."

Add: "6.3 First article. When a first article is required, it shall be tested and approved under the appropriate provisions of 7-104.55 of the Armed Services Procurement Regulation. The first article should be a sample selected from the first production items. The first article should consist of one complete unit(s). The contracting officer should include specific instructions in all procurement instruments, regarding arrangements for examinations, test and approval of the first article."

Add: "6.4 Recycled material. It is encouraged that recycled material be used when practical as long as it meets the requirements of the specification (see 3.2)".
