MATERIAL: The bottles shall be made from the material as indicated in the table. The material identification symbols are as follows:
LPE - Polyethylene (high density)
PP - Polypropylene
Screw caps shall be of molded polypropylene, phenolic resin or ethylene-tetrafluoretaylene.

DESIGN: The bottles shall have rectangular bases with paralled sides and standard threaded necks to accomodate their respective cap sizes.

NOTES:
1. Items differing from this military standard by minor variations in design or dimensions are considered standard under this document, provided such variations do not affect performance and are not in conflict with the material requirements as specified herein.
2. Referenced document shall be of the issue in effect on date of the invitations for bid.

USER ACTIVITIES:

REVIEWER ACTIVITIES: ARMY - MD
NAVY - OS
AIR FORCE - 03

This military standard is approved for use by all Departments and Agencies of the Department of Defense. Selection for all new engineering and design applications and for repetitive use shall be made from this document.
