INTERIM AMENDMENT

TO

FEDERAL SPECIFICATION

SOAP, SCRUBBING, ALKALINE

This Interim Amendment was developed by the Standardization Division, Federal Supply Service, General Services Administration, Washington, D. C., 20406, based upon currently available technical information. It is recommended that Federal agencies use it in procurement and forward recommendations for changes to the preparing activity at the address shown above.

The General Services Administration has authorized the use of this interim amendment as a valid exception to Federal Specification P-S-606d, dated August 12, 1963.

PAGE 5

Paragraph 5.2.1 - After second sentence, add the following:

"When specified (see 6.2) 48 one pound boxes of alkaline scrubbing soap shall be packed in a close-fitting box conforming to PPP-B-001163, style RSC. The box shall be closed and waterproofed in accordance with method 101 of Fed. Std. No. 224, except the tape shall conform to PPP-T-60, class 1. The box shall be strapped in accordance with the appendix to the box specification."

Section 6, Paragraph 6.2 - Add the following:

"(d) When wax impregnated fiberboard shipping containers are required (see 5.2.1)."
