COMMERCIAL ITEM DESCRIPTION

NEOMYCIN AND POLYMYXIN B SULFATES AND HYDROCORTISONE OTIC SOLUTION, USP

The General Services Administration has authorized the use of this Commercial Item Description as a replacement for Military Specification MIL-N-37481 which is cancelled.

Salient Characteristics:

Shall be Neomycin and Polymyxin B Sulfates and Hydrocortisone Otic Solution, USP.

Shall be in accordance with the requirements of the USP.

Shall be a sterile otic solution containing in each ml:

Polymyxin B (as Polymyxin B Sulfates)	10,000 units
Neomycin Sulfate	5 mg (equivalent to 3.5 mg of Neomycin base)
Hydrocortisone	10 mg (1 percent)

The Otic Solution should also include appropriate quantities of the following inactive ingredients: Cupric Sulfate, Glycerin, Hydrochloric Acid, Propylene Glycol, Water for Injection and Potassium Metabisulfite (preservative) 0.1%.

Workmanship. The solution shall be free from defects which detract from its appearance or impair its serviceability.

Unit. Package (PG). Shall be supplied 10 ml in a commercially available dropper bottle with cap or in a commercially available bottle with sterilized calibrated dropper. One package, as specified above, constitutes one unit.

AMSC\NA FSC 6505

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.

Contractor certification. The contractor shall certify that the product offered meets the salient characteristics of this description and conforms to the producers' own drawings, specifications, standards, and quality assurance practices. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

Regulatory requirements.

Federal Food, Drug and Cosmetic Act. If the product covered by this document has been determined by the U.S. Food and Drug Administration to be under its jurisdiction, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of the Federal Food, Drug and Cosmetic Act, as amended, and regulations promulgated thereunder. In addition, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of all other applicable Federal, State, and local statutes, ordinances, and regulations.

Recovered materials. The offeror/contractor is encouraged to use recovered material in accordance with Federal Acquisition Regulation Subpart 23.4 to the maximum extent practical.

Preservation, packaging, packing, labeling and marking. Unless otherwise specified, preservation, packaging, and packing shall be to a degree of protection to preclude damage to containers and/or contents thereof under normal shipping conditions, handling, etc., involving shipment from the supply source to the receiving activity, plus reshipment from receiving activity, and shall conform to applicable carrier's rules and regulations. Intermediate and exterior package quantities and labeling and marking shall be as specified in the contract and/or order.

NOTE: The following National Stock Number is covered by this document:

NSN	ITEM IDENTIFICATION
