COMMERCIAL ITEM DESCRIPTION

PAD, POVIDONE-IODINE, IMPREGNATED

The General Services Administration has authorized the use of this Commercial Item Description as a replacement for Military Specification MIL-P-37503 which is cancelled.

Salient characteristics.

Shall be Pad Povidone-Iodine, Impregnated.

All ingredients shall be of a pharmaceutical grade.

Shall be a single-use pad impregnated with povidone-iodine solution, suitable for use in preparing small skin areas prior to injections, catheterizations and surgery, and in treating cuts, minor wounds, burns, lacerations and abrasions.

The pad fabric shall be of suitable grade cotton or synthetic blend.

The pad shall measure not less than 1-1/4 inch by not less than 1-7/8 inch.

The impregnated pad shall be packaged individually in a heremetically-sealed foil packette.

Workmanship. The product shall be free from defects which detract from its appearance or impair its serviceability.

Unit. Package (PG). One package containing 100 packettes, as specified, constitutes one unit.

Contractor certification. The contractor shall certify that the product offered meets the salient characteristics of this description and conforms to the producers' own drawings, specifications, standards, and quality assurance practices. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

AMSC/NA FSC 6510

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.

Regulatory requirements.

Federal Food, Drug and Cosmetic Act. If the product covered by this document has been determined by the U.S. Food and Drug Administration to be under its jurisdiction, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of the Federal Food, Drug, and Cosmetic Act, as amended, and regulations promulgated thereunder. In addition, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of all other applicable Federal, State, and local statutes, ordinances, and regulations.

Recovered material. The offeror/contractor is encouraged to use recovered material in accordance with Federal Acquisition Regulation Subpart 23.4 to the maximum extent practical.

Preservation, packaging, packing, labeling, and marking. Unless otherwise specified, preservation, packaging, and packing shall be to the degree of protection to preclude damage to containers and/or contents thereof under normal shipping conditions, handling, etc., involving shipment from the supply source to receiving activity, plus reshipment from receiving activity, and shall conform to applicable carrier's rules and regulations. Intermediate and exterior package quantities and labeling and marking shall be as specified in the contract and/or order.

Ordering data. Intermediate/exterior package quantities and labeling and marking must be specified in the contract and/or order.

NOTE: The following National Stock Number is covered by this document:

NSN	ITEM IDENTIFICATION
6510-01-010-0307	PAD, POVIDONE-IODINE, IMPREGNATED, 100s.
