Workmanship. The tablets shall be free from defects which detract from their appearance or impair their serviceability.

Unit.

Sizes:

1. 100
2. 500
3. 1000

Container:

1. Bottle (BT).
2. Bottle (BT). Supplied with a child-resistant safety closure and shall have minimum height of 51 mm base to shoulder.
3. Package (PG). Containing 100 individually sealed tablets in a blister or strip package.

Contractor certification. The contractor shall certify that the product offered meets the salient characteristics of this description and conforms to the producers' own drawings, specifications, standards, and quality assurance practices. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

Regulatory requirements.

Federal Food, Drug and Cosmetic Act. If the product covered by this document has been determined by the U.S. Food and Drug Administration to be under its jurisdiction, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of the Federal Food, Drug, and Cosmetic Act, as amended, and regulations promulgated thereunder. In addition, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of all other applicable Federal, State, and local statutes, ordinances, and regulations.
