COMMERCIAL ITEM DESCRIPTION

CARRY BARRELS, PLASTIC

The General Services Administration has authorized the use of the commercial item description.

This commercial item description covers plastic carry barrels for rubbish removal or bulk storage.

Salient characteristics:

(1) Color - as specified.
(2) Capacity - 35, 45, 60, 70, 80, 115, and 130 gallons, (± 5 percent), as specified.
(3) Material - high density polyethylene with ultra violet inhibitors
(4) Top rim - reinforced for rigidity.

Workmanship. Free from flash, cracks, blisters, chips, sharp fins, sharp edges, lumps and imbedded foreign material. No leaking, cracks, splits or permanent deformation when filled with water.

Certification. The contractor shall certify that the product offered meets the salient characteristics of this description and that the product conforms to the producer's own drawings, specifications, standards and quality assurance practices, and is the same product offered for sale in the commercial marketplace. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

Recovered materials. The manufacturer shall utilize recovered materials to the maximum extent practicable.

Packaging, packing and marking. Each carry barrel shall be packaged in accordance with normal commercial practice and packed in fiberboard boxes that will assure acceptance by common carrier and provide product protection against loss and damage during multiple shipments, handling and storage. The shipping container shall be in compliance with National Motor Freight Classification and Uniform Freight Classification. Marking shall be as specified in the contract or order.
