COMMERCIAL ITEM DESCRIPTION

DISHWASHING COMPOUND, MACHINE (CHLORINATED, GRANULAR)

The General Services Administration has authorized the use of this commercial item description in lieu of Federal Specification P-D-1800, Type II, Class 1, for all federal agencies.

1. Scope. This commercial item description covers one class of granular, chlorinated machine dishwashing compound, suitable for use in spray-type commercial dishwashing machines equipped with or without detergent dispensing equipment. The compounds are designed to provide clean ware and remove coffee, tea, lipstick, or other food stains from china and plastics under heavy soil conditions in water of any hardness level, when used at recommended washing concentrations.

2. Salient Characteristics:

2.1 Physical properties. The dishwashing compound shall meet the requirements of Table I.

TABLE I. Physical properties

Characteristic	Min	Max	ASTM Method
Moisture content	---	5.0	D 460
Condensed phosphates, (as P_2O_5)	16.0	20.0	D 800
Total silicates, (as SiO_2)	4.0	17.0	D800
Available chlorine	1.0	---	D 2022
Total alkalinity, (as Na_2O)	---	50.0	D 800

Beneficial comments, recommendations, additions, deletions, clarification, etc., and any data which may improve this document, should be sent to: GSA, Paints and Chemicals Center, 400 15th Street, S.W., Auburn, WA 98001.

TABLE I. Physical properties (continued)

Characteristic	Min	Max	ASTM Method
pH (1 percent aqueous solution)	11.5	13.0	E 70
Particle size:			D 502
Retained on No. 16 sieve	---	10.0	
Retained on No. 170 sieve	90.0	---	
Free alkali, (as NaOH)	15.0	25.0	D 800

NOTE: The contractor may use his normal quality assurance procedures for manufacture of this product; however, should a disagreement arise between the Government and its customer or between the Government and the manufacturer concerning compliance to the salient characteristics of this commercial item description, the test methods and tests stated in this commercial item description will be used to determine compliance of the product.

3. Product Conformance. The products provided shall meet the salient characteristics of this commercial item description, conform to the producer's own drawings, specifications, standards, and quality assurance practices and be the same product offered for sale in the commercial market. The Government reserves the right to require proof of such conformance.

ASTM standards are available from the American Society for Testing and Materials, 100 Barr Harbor Drive, West Conshohocken, PA 19428-2959.
