INTERIM AMENDMENT

TO

FEDERAL SPECIFICATION

FLATWARE, CORROSION-RESISTING STEEL

This Interim Amendment was developed by the U.S. Army Natick Laboratories (GL), Natick, Mass., for use by the Defense General Supply Center based on currently available technical information. It is recommended that Federal Agencies use it in procurement and forward recommendation for changes to the preparing activity at the address shown above. The General Services Administration has authorized Federal Agencies to use this Interim Amendment as a valid exception to Federal Specification RR-F-450C, dated February 5, 1969.
