Delete paragraph 2.2 and replace with the following:

"2.2 Other publications. The following documents form a part of this specification to the extent specified herein. Unless otherwise specified, the issue of the DODISS specified in the solicitation. Unless otherwise specified, the issues of documents not listed in the DODiSS shall be the issue of the nongovernment documents which is current on the date of the solicitation."

Delete under paragraph 2.2 the following:

"Handbook H28 Screw Thread Standards for Federal Services"

Delete "Technical society and technical association specifications . . . groups and using federal agencies."

Add the following:

"(Nongovernment standards and other publications are normally available from the organizations which prepare or which distribute the documents. These documents also may be available in or through libraries or other informational services.)"

Add new paragraph 2.3 as follows:

"2.3 Order of precedence. In the event of a conflict between the text of this specification and the references cited herein (except for associated detail specifications, specification sheets or MS standards), the text of this specification shall take precedence. Nothing in this specification, however, shall supersede applicable laws and regulations unless a specific exemption has been obtained."

requirements specified herein, unless disapproved by the Government. The Government reserves the right to perform any of the inspections set forth in the specification where such inspections are deemed necessary to assure supplies and services conform to prescribed requirements.

"4.1.1 Responsibility for compliance. All items must meet all requirements of sections 3 and 5. The inspection set forth in this specification shall become a part of the contractor's overall inspection systems or quality program. The absence of any inspection requirements in the specification products or supplies submitted to the Government for acceptance comply with all requirements of the contract. Sampling in quality conformance does not authorize submission of known defective material, either indicated or actual, nor does it commit the Government to acceptance of defective material."

Page 13

Add the following new paragraph:

"4.4.9 Test reports. When specified in the contract or order, the supplier shall prepare a test report in accordance with MIL-STD-831 (see 6.2.2)."

Page 13/14

Paragraph 6.2: Add item "( ) Number of Test Set to be furnished."

Page 14

Paragraph 6.2.2: Change to read as follows:

"6.2.2 Data requirements. When this specification is used in an acquisition and data are required to be delivered, the data requirements identified below shall be developed as specified by an approved Data Item Description (DD Form 1664) and delivered in accordance with the approved Contract Data Requirements List (CDRL), incorporated into the contract. When the provisions of DoD FAR Supplement, Part 27, Sub-Part 27.410-6 (DD Form 1426) are invoked and the DOD Form 1423 is not used, the data specified below shall be delivered by the contractor in accordance with the contract or purchase order requirements. Deliverable data required by this specification are cited in the following paragraphs.
