4.3.1: Delete and substitute:

"4.3.1 First article sample. Two indicators of each class and type shall be submitted for testing. A response check kit shall also be furnished for the tests specified in 4.5.2.1.1 (see 3.6.7)."

4.3.2: Delete and substitute:

"4.3.2 Tests. Equipments submitted for first article inspection shall be subjected to the tests shown in table III in the order listed."

4.3.4: Delete in its entirety.

4.3.5: Delete in its entirety.

PAGE 15

6.3: Delete and substitute:

"6.3 First article. When a first article inspection is required, the items should be a first article sample. The first article should consist of two units. The contracting officer should include specific instructions in acquisition documents regarding arrangements for examinations, approval of first article test results and disposition of first articles. Invitations for bids should provide that the Government reserves the right to waive the requirement for samples for first article inspection to those bidders offering a product which has been previously acquired or tested by the Government, and that bidders offering such products, who wish to rely on such production or test, must furnish evidence with the bid that prior Government approval is presently appropriate for the pending contract."

6.3.1: Delete in its entirety.
