COMMERCIAL ITEM DESCRIPTION

INSECTICIDE, MALATHION, EMULSIFIABLE CONCENTRATE

The General Services Administration has authorized the use of this commercial item description for all federal agencies.

1. SCOPE. This commercial item description (CID) covers one type of malathion insecticide emulsifiable concentrate, deodorization optional (for outdoor use).

2. SALIENT CHARACTERISTICS

2.1 Components. The insecticide shall be an emulsifiable concentrate of malathion (O, O-dimethyl phosphorodithioate of diethyl mercaptosuccinate). The emulsifying agent used to produce the emulsifiable concentrate shall be completely soluble in it and shall be stable in the presence of malathion. The emulsifiable concentrate shall contain no less than 57.0 percent by weight malathion and shall be compatible with diesel fuel oil number two in accordance with ASTM D975, "Standard Specification for Diesel Fuel Oils".

2.2 Flash point. The insecticide shall have a minimum flash point of 60 °C when tested in accordance with ASTM D1310, "Standard Test Method for Flash Point and Fire Point of Liquids by Tag Open-Cup Apparatus".

3. REGULATORY REQUIREMENTS

3.1 Labeling, packaging, and marking. Items shall be labeled, packed, and marked in accordance with 49 Code of Federal Regulations (CFR), Parts 100 to 180, and 40 CFR 156, "Labeling Requirements for Pesticides and Devices".

Beneficial comments, recommendations, additions, deletions, clarifications, etc. and any data that may improve this document should be sent to: STDZNMGT@dla.mil or DLA Aviation, VEB, 8000 Jefferson Davis Highway, Richmond, VA 23297-5616. Since contact information can change, you may want to verify the currency of this address information using the ASSIST database at https://assist.dla.mil/.

3.2 Recovered materials. The offeror/contractor is encouraged to use recovered materials to the maximum extent practicable, in accordance with paragraph 23.403 of the Federal Acquisition Regulation (FAR).

3.3 Environmental Protection Agency (EPA) registration. The insecticide shall be registered with the EPA in accordance with the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA). The insecticide shall have cited on its EPA label/registration the following pests: ants, aphids, bagworms, bedbugs, carpet beetles, tent caterpillars, clothes moths, cockroaches, crickets, earwigs, flies (adult and larva), Japanese beetles (adult), leafhoppers, mealybugs, biting midges, clover and spider mites, mosquitoes (larva and adults), scale insects, thrips, and white flies.

3.4 Safety data sheet (SDS). An SDS shall be furnished in accordance with FED-STD-313, "Material Safety Data, Transportation Data and Disposal Data for Hazardous Materials Furnished to Government Activities", and 29 CFR 1910.1200, "Hazard Communication".

3.5 Child resistance packaging. EPA registration/labeling required packaging shall comply with requirements in accordance with 40 CFR 157, "Child Resistant Packaging".

4. PRODUCT CONFORMANCE PROVISIONS

4.1 Product conformance. The products provided shall meet the salient characteristics of this CID, conform to the producer's own drawings, specifications, standards, and quality assurance practices, and be the same product offered for sale in the commercial marketplace. The government reserves the right to require proof of such conformance.

4.2 Market acceptability. The products offered must have been previously sold either to the government or on the commercial market.

4.3 EPA registration. The offeror shall have a current EPA registration for the product.

5. PACKAGING

5.1 Preservation, packing, and marking. Preservation, packing, and marking shall be as specified in the acquisition order (see 6.2(c)).

6. NOTES

6.1 Sources of documents.

6.1.1 CFR and FAR. Electronic copies of CFR documents may be obtained from http://www.ecfr.gov. Electronic copies of FAR documents may be obtained from https://www.acquisition.gov.

Check the source to verify that this is the current version before use.

6.1.2 Federal standards. Electronic copies of federal standards may be obtained from http://quicksearch.dla.mil/.

6.1.3 FIFRA. Electronic copies of FIFRA may be obtained from http://www.epa.gov/.

6.1.4 ASTM standards. Electronic copies of ASTM standards may be obtained from http://www.astm.org/.

6.2 Ordering data. The acquisition order should specify the following information:

a. CID document number and revision.
b. Unit quantity required.
c. Preservation, packing, and marking (see 5.1).

6.3 Cross-reference data. Class 1, deodorized (for indoor use), under the previously specified A-A-59117 is now deleted as the EPA no longer allows malathion to be used/sprayed indoors. Class 2, deodorization optional (for outdoor use), remains as the sole type under A-A-59117B.

6.4 Subject term (key word) listing.

Bedbugs
Deodorization
Diethyl
Dimethyl
Pest control
