MILITARY SPECIFICATION

HELMETS, FLIGHT DECK CREWMAN'S, IMPACT RESISTANT

This amendment forms a part of Military Specification MIL-H-81735A(AS) dated 19 October 1983, and is approved for use by the Naval Air Systems Command, Department of the Navy, and is available for use by all Departments and Agencies of the Department of Defense.

By this amendment, "plastic shield(s)" is changed to "cranial shell(s)" wherever it appears in the specification.

PAGE 1

1.1, delete and substitute the following:

"1.1 Scope. This specification covers the requirements for impact resistant flight deck crewman's helmets and components (see 6.2.1b)."

PAGE 2

2.1.2, delete and substitute the following:

"2.1.2 Other Government documents, drawings and publications. The following other Government documents, drawings and publications form a part of this specification to the extent specified herein.

3.3, delete and substitute the following:

"3.3 Design. Unless otherwise specified, the helmets furnished under this specification shall be made of unlined cotton cloth and fitted with impact resistant, varicolored, cranial shells to provide protection to, and identification of, the crewman. The helmets shall be compatible for use with communications head sets and aural sound protectors. Helmets and components shall conform to applicable drawing requirements."

3.4, delete and substitute the following:

"3.4 Construction. Unless otherwise specified, the construction of the helmets and components furnished under this specification shall conform to the following drawings (see 6.2.1d):

323AS100	323AS108	323AS113	323AS122
323AS101	323AS109	323AS114	323AS123
323AS102	323AS110	323AS115	323AS124
323AS106	323AS111	323AS120	323AS998
323AS107	323AS112	323AS121	323AS999"

6.1, line 4: After "stations", add "and for use by passengers on Carrier On Board Delivery (COD) aircraft."
lines 4 thru 11: Delete last three sentences.

PAGE 25

6.2.1, delete and substitute the following:

"6.2.1 Acquisition requirements. Acquisition documents shall specify the following:

a. Title, number and data of this specification, including amendments.
b. Item desired, i.e., assembled helmets (cloth helmets, with the front and back cranial shells and pads attached); cloth helmets; front or back cranial shells; or front or back pads (see 1.1).
c. Size of the cloth helmets (see 1.2.1) and the color of the cranial shells (see 1.2.2), as applicable.
d. Applicable drawings (see 2.1.2).
e. Applicable Government part number.
f. Applicable National Stock Number.
g. Quantity required.
h. Whether first article inspection is required (see 4.3.1).
i. Name and address of the first article inspection facility and the name and address of the Government activity responsible for conducting the first article inspection program (see 4.3.2).
j. Selection of applicable levels of preservation, packaging and packing (see 5.1 and 5.2).
k. Whether any special markings are required (see 5.3)."
