SS-P-186d
INT. AMENDMENT-1 (GSA-FSS)
October 18, 1968

INTERIM AMENDMENT

TO

FEDERAL SPECIFICATION

PENCIL, MECHANICAL,

(INCLUDING LEADS AND ERASERS)

This interim amendment was developed by the Standardization Division, Federal Supply Service, General Services Administration, Washington, D.C., 20405, based upon currently available technical information. It is recommended that Federal agencies use it in procurement and forward recommendations for changes to the preparing activity at the address shown above.

The General Services Administration has authorized the use of this interim amendment as a valid exception to Federal Specification SS-P-186d, dated August 10, 1965.
