Pages 8 and 9

5.1, delete and substitute:

"5.1 Preproduction pack. The supplier shall furnish a preproduction pack for examination and testing within the time frame specified (see 6.2), to prove prior to starting production packaging and packing that the applied preservation, packaging, packing, and marking comply with the preparation for delivery requirements of this specification. Examination and testing shall be as specified in section 4 and shall be subject to surveillance and approval by the Government (see 6.5). The preproduction pack may be accomplished utilizing either the preproduction model traversing base or a production traversing base. If the preproduction model traversing base is utilized, any preservation, packaging, and packing shall be removed by the supplier at no expense to the Government, when requested by the Government to facilitate comparison between the preproduction model traversing base and production traversing bases."

After 6.2(c), add:

"(d) Time frame required for submission of the preproduction model (see 3.2).
(e) Time frame required for submission of the preproduction pack (see 5.1)."

After 6.3, add:

"6.4 Preproduction model. Any changes or deviations of production traversing bases from the approved preproduction model during production will be subject to the approval of the contracting officer. Approval of the preproduction model will not relieve the supplier of his obligation to furnish traversing bases conforming to this specification.

6.5 Preproduction pack. Any changes or deviations of production packs from the approved preproduction pack will be subject to the approval of the contracting officer. Approval of the preproduction pack will not relieve the supplier of his obligation to preserve, package, pack, and mark the traversing bases in accordance with this specification."
