NOTICE
OF CANCELLATION

MILITARY SPECIFICATION

INSPECTION PROCEDURE FOR USE OF ANAEROBIC THREAD LOCKING COMPOUNDS WITH STUDS

DOD-STD-1371B(SH), dated 1 November 1977, is hereby canceled. The "Stud Installation Verification" paragraph of SAE J2270, "Ship Systems and Equipment - Threaded Fasteners - Inspection, Test and Installation Requirements" contains test and inspection procedures for use when installing fasteners with anaerobic thread locking compound. When DOD-STD-1371 is specified for inspecting studs locked with anaerobic thead locking compound, instead use the "Stud Installation Verification" paragraph of SAE J2270, subject to any approval requirements of the contract invoking the use of DOD-STD-1371. Future acquisitions should require that studs locked with anaerobic thread locking compound be inspected per the "Stud Installation Verification" paragraph of SAE J2270.

(Applications for copies of SAE publications should be addressed to the Society of Automotive Engineers, 400 Commonwealth Drive, Warrendale, PA 15096.)
