COMMERCIAL ITEM DESCRIPTION

TABLE, PRODUCE DISPLAY, PEDESTAL MOUNTED

The General Services Administration has authorized the use of this commercial item description.

1. Intended use. This commercial item description covers a pedestal mounted table that displays produce for sale.

2. Salient characteristics.

2.1 Design and construction. The produce display table shall be pedestal mounted and constructed of reinforced, chemical resistant fiberglass. The table top surface shall have a minimum of 3/4 inch pipe like size threads molded into the table with a minimum 2-1/2 inch elevated rim on all sides. The outer sides of the table shall have replaceable, heavy duty vinyl cart type bumpers mounted in aluminum trim. The table shall have replaceable polyethylene drain with stainless steel strainer installed in one corner of the tabletop. The color of the table shall be jade green and the pedestal shall be white.

2.2 Dimensions. The nominal dimensions of the table shall be 72 inches long, 48 inches wide, and 36 inches high.

3. Certification. The contractor shall certify that the product offered meets the salient characteristics of this description, conforms to the producer's own drawings, specifications, standards, and quality assurance practices, and is the same product sold in the commercial marketplace. The Government reserves the right to require proof of such conformance prior to the first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

4. Packaging. The produce display table shall be packaged, packed, and marked in accordance with the domestic or overseas requirements of ASTM D 3951, as applicable.
