COMMERCIAL ITEM DESCRIPTION

HANDCART, GROCERY, CARRYOUT

The General Services Administration has authorized the use of this commercial item description.

1. Intended use. This commercial item description covers a handcart for transporting food items and sundry products. The handcart may be converted to a handtruck by lifting the upper shelf.

2. Salient characteristics.

2.1 Design and construction. The handcart shall be constructed of nickel chrome plated steel tubing and heavy gauge steel wire. The base frame shall be equivalent in strength to one inch square, 16 gauge steel tubing. The vertical frame shall be 7/8 inch minimum diameter, 18 minimum gauge steel tubing or 3/4 inch minimum square, 16 gauge steel tubing. The handcart shall have three closed sides with an open front and a hinged top shelf that swings upward. The sides, back, and bottom and top shelves shall be 6 gauge minimum steel wire welded to heavy gauge wire to reinforce support. The bottom and top shelves shall be parallel to the floor. The handcart shall have a weather resistant protective coating and shall weigh approximately 55 pounds. The overall approximate dimensions of the handcart shall be 31 inches long, 23 inches wide, and 44 inches high. The approximate dimensions between shelves shall be 20 inches.

2.2 Wheels and casters. The handcart shall have two front swivel casters and two rear rigid wheels. The front casters shall be 5 inches minimum in diameter with a 1 inch minimum width tire tread. The rear wheels shall be semi-pneumatic, self lubricating, roller bearing type, 10 inch minimum diameter with a 1-3/4 inch minimum width tire tread and shall have a 5/8 inch minimum diameter axle.

FSC 7290

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.

Check the source to verify that this is the current version before use.

3. Certification. The contractor shall certify that the product offered meets the salient characteristics of this description, conforms to the producer's own drawings, specifications, standards, and quality assurance practices, and is the same product sold in the commercial marketplace. The Government reserves the right to require proof of such conformance prior to the first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

4. Packaging. The handcart grocery, carryout shall be packaged, packed, and marked in accordance with the domestic or overseas requirements of ASTM D 3951, as applicable.

5. NOTES

5.1 Ordering data. Title, number and date of this document.

5.2 Source for nongovernment association documents.
