DATA ITEM DESCRIPTION

Form Approved
OMB No. 0704-0188

Public reporting burden for this collection of information is estimated to average 110 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to Washington Headquarters Services, Directorate for Information Operations and Reports, 1215 Jefferson Davis Highway, Suite 1204, Arlington, VA 22202-4302, and to the Office of Management and Budget, Paperwork reduction Project (0704-0188), Washington, DC 20503.

1. TITLE	2. IDENTIFICATION NUMBER
ELECTROSTATIC DISCHARGE (ESD) CONTROL PROGRAM PLAN	DI-RELI-80669A

3. DESCRIPTION/PURPOSE

3.1 This plan describes the contractor's electrostatic discharge (ESD) control program, and the controls and monitoring provisions leveled on subcontractors and suppliers to establish, implement, document, and monitor the ESD control program. The principal use is to provide the acquiring activity a basis for review and evaluation of the ESD control program for determination of contractual compliance.

4. APPROVAL DATE (YYMMDD)	5. OFFICE OF PRIMARY RESPONSIBILITY (OPR)	6a. DTIC APPLICABLE	6b. GIDEP APPLICABLE
920828	SH		

7. APPLICATION/INTERRELATIONSHIP

7.1 This DID contains the format and content preparation instructions for the Electrostatic Discharge (ESD) Control Program Plan resulting from the work task described by 5.1 of MIL-STD-1686B.

7.2 This DID supersedes DI-RELI-80669.

8. APPROVAL LIMITATION	9a. APPLICABLE FORMS	9b. AMSC NUMBER
		N6779

10. PREPARATION INSTRUCTIONS

10.1 Source Document. The applicable issue of the documents cited herein, including their approval date and dates of any applicable amendments and revisions shall be as specified in the contract.

10.2 Content Requirements. The ESD control program plan shall contain the following information:

a. Describe the scope of the ESD control program.
b. Describe the tasks, activities, and procedures necessary to protect ESD sensitive (ESDS) items in accordance with the functions and elements in table 1 of MIL-STD-1686B.
c. Identify the organizations responsible for the tasks and activities.
d. List the contractor and government documents which will be applied as either directives or guidance in the conduct of the ESD control program.
e. Describe the ESD controls that shall be imposed on subcontractors and suppliers of ESDS items.
f. List the ESD protective tools, materials, and equipment that shall be used.

10.3 Format. The ESD Control Program Plan shall be in contractor format.

11. DISTRIBUTION STATEMENT

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.
