2.1 a. Under Specifications - Military, Add: MIL-W-22759 - Wire, Electric, Fluorocarbon Insulated, Copper or Copper-Alloy"

b. Under Standards - Military, delete:

1. MS 18104
2. MS 18114
3. MS 90294

Page 4

3.2 Delete and substitute:

"3.2 First article. When specified by the procuring activity (see 6.2), the marking foil furnished under this specification shall have been inspected and shall have passed the first article inspection of 4.4."

Page 7

4.2 Delete subelement (a) and substitute: "(a) First article inspection (4.4)".

Page 8

4.4 and 4.5 Delete both paragraphs and substitute:

"4.4 First article inspection. First article inspection shall be performed on the first lot or order of marking foil furnished under this specification and on any subsequent lot or order when specified by the procuring activity (see 6.2). The first article inspection shall consist of all the tests and inspections of this specification.

4.5 First article sample. Unless otherwise specified by the procuring activity, the first article sample shall consist of 2 rolls of marking foil (1.5 inch by 100 feet) packaged as specified in section 5. Each roll shall be of a contrasting color, preferably black and white. Instructions for testing shall be as specified in 6.4.

4.5.1 Manufacturer's data. Unless otherwise specified, two copies of the manufacturer's test report, including certification to the requirements of 3.5.1 and 3.6 shall be submitted with the first article sample. In addition, the manufacturer shall supply an instruction sheet for use of the marking foil. The instruction sheet shall describe overcoating or heat fusion techniques, as required."
