COMMERCIAL ITEM DESCRIPTION

GOGGLES, INDUSTRIAL

The General Services Administration has authorized the use of this Commercial Item Description (CID) by all federal agencies.

1. SCOPE. This CID covers the requirements for goggles, industrial that is part of the Welding Individual Protective Safety (WIPS) ensemble, used by male and female welders across the Department of Defense, and are intended to be used in a shop environment.

2. CLASSIFICATION.

2.1 Size. The Goggles shall be one size (OS) fits all.

3. SALIENT CHARACTERISTICS.

3.1 Description. The industrial goggles shall meet ANSI/ISEA Z87.1 (see 7.2.1), which shall be indicated by a "Z87" stamped marking on the right side of the lens or the sidearms of the frame when visually inspected. The goggles shall use an over-the-glasses design to provide adequate room for prescription lenses, and a wrap-around design to provide peripheral vision protection. The arms shall fold to collapse the goggles. The lens shall have an anti-fog and anti-scratch coating and be ventilated.

3.2 Material. Frame material shall be a durable plastic.

3.3 Requirements. The finished goggles shall be as specified in the contract or purchase order.

3.4 Components.

3.4.1 Goggles, frame. The frame shall be plastic.

3.4.2 Goggles, lens. The lens shall be a transparent plastic with an anti-fog and anti-scratch coating.

Comments, suggestions, or questions on this document should be sent to trpsptctstandardiz@dla.mil. Since contact information can change, verify the currency of the address information using Acquisition Streamlining and Standardization Information System ASSIST online database https://assist.dla.mil.

Check the source to verify that this is the current version before use.

3.4.3 Identification label. All components shall have a commercial identification label on the packaging box. The label shall be in accordance with MIL-DTL-32075, Type IV Class 5. The commercial label shall contain the following information:

NSN: XXXX-XX-XXX-XXXX
ITEM NAME:
CONTRACT NUMBER:
CONTRACTOR'S NAME:
PART NUMBER:

3.5 Toxicity. Unless otherwise specified in the contract or procurement documents (see 7.4), the finished goggles shall not present a health hazard and shall show compatibility with prolonged, direct skin contact when tested as specified in 3.5.1.

3.5.1 Toxicity test. When the toxicity requirement (see 3.5) can be demonstrated with historical use data, on the finishing treatments used, toxicity testing may not be required (see 7.4).

3.6 Workmanship. The finished goggles shall conform to the quality of the product established in this document. The welding goggles shall be free from defects which would affect serviceability, appearance, uniformity and quality assurance standards defined by the technical data in the procurement documents.

4. REGULATORY REQUIREMENTS. Unless otherwise specified, the offeror/contractor is encouraged to use recovered, recycled, bio based, and environmentally preferable materials to the maximum extent practicable, in accordance with paragraph 23.403, 23.404(b) of the Federal Acquisition Regulation FAR, or the sustainable acquisition of EO 13693; as applicable. (See 7.1.2 and 7.1.4).

5. PRODUCT CONFORMANCE PROVISIONS.

5.1 Product conformance. The goggles shall meet the salient characteristics of this CID conform to the producer's own drawings, specifications, standards, and quality assurance practices, and be the same product offered for sale in the commercial marketplace. The Government reserves the right to require proof of such conformance.

5.2 Market acceptability. The finished goggles offered must have been sold to the government or commercial market.

5.3 End item inspection procedures. Sampling for inspection shall be conducted in accordance with ANSI/ASQ Z1.4 - Sampling Procedures and Tables for Inspection by Attributes (see 7.2.2).

5.4 Visual examination. Each finished goggle shall be examined for the defects listed in Table I as defined. Defects shall not exceed the acceptance criteria (see 5.5).

7.4 Ordering data. Acquisition documents should specify the following.

a. Title, number, and date of this CID.
b. Component sizes required (see 2.1).
c. Color required (see 3.2.1).
d. When toxicity testing is required (see 3.5).
e. Product conformance (see 5).
f. Acceptance criteria (see 5.5).
g. Packaging requirements (see 6).

7.5 Key words.

Glasses
Protection
Shop environment
Spectacles

7.6 National Stock Number (NSN) The following NSN and part number have been assigned that correspond to this goggles welding FR CID. This list may not be indicative of all possible NSNs associated with the CID and are provided for reference only.
