DATA ITEM DESCRIPTION

Title: CRAFT TEST STATUS REPORT

Number: DI-MISC-81620
Approval Date: 20010801
AMSC Number: N7450
Limitation:
DTIC Applicable:
GIDEP Applicable:
Office of Primary Responsibility: N/PMS377
Applicable Forms: N/A
Use/Relationship: The Craft Status Report provides periodic status of test performance or test documentation development, to assist in assessing test program progress, and to identify potential problem areas.

a. This Data Item Description (DID) contains the format and content preparation instructions for the data product generated by the specific and discrete task required as delineated in the contract.
b. This DID is related to DIDs DI-MISC-81621 and to DI-MISC-81622.

Requirements:

1. Format. The Craft Test Status Report shall be presented in the Contractor's format.

2. Content. The Craft Test Status Report shall include:

2.1 Title/Cover Sheet. The Title/Cover Sheet shall include:

a. Title of report
b. Craft hull number
c. Reporting period
d. Consecutive report number
e. Contractor name and address
f. Contract number

2.2 Introduction and Summary Narrative. The Introduction and Summary Narrative shall contain an introduction to and an explanation of the report, major test program milestones completed since the last report, discussion of problems which may affect scheduled completion of the test program, and other pertinent remarks. It shall include the reason(s) why the test were not started or completed on schedule and impact of the test schedule, craft completion data, or both. Discussion of problems should refer to Test Change Proposals (TCP's) (DI-MISC-81621) and Test Problem Reports (TPR's) (DI-MISC-81622) whenever they are applicable.

DISTRIBUTION STATEMENT A: APPROVED FOR PUBLIC RELEASE; DISTRIBUTION IS UNLIMITED.

2.3 Graphic Summary. The Graphic Summary shall provide a graphic representation of planned and actual completion of tests, milestone events and documentation, and the type of report being prepared.

2.4 Report Body. The Craft Test Status Report shall include the status of test conduct for all tests which will be performed at the contractor's facility or under his direction. Government test performance shall be included if they impact or could impact the completion of contractual requirements. The body of the report shall contain:

a. Total Number of tests to be accomplished.
b. Tests scheduled to start.
c. Tests actually started.
d. Tests scheduled to complete.
e. Tests actually completed.
f. Tests scheduled to complete but not completed.
g. Tests scheduled to start but not started.
h. Tests scheduled to start during the next reporting period.
i. Tests scheduled to complete during the next reporting period.

End of DI-MISC-81620.
