DATA ITEM DESCRIPTION

Title: MAINTAINABILITY STATUS REPORT

Number: DI-MNTY-81601 **Approval Date:** 8 February 2001
AMSC Number: G7420 **Limitation:** N/A
DTIC Applicable: N/A **GIDEP Applicable:** No

Office of Primary Responsibility: G/Y242

Applicable Forms: None

Use/relationship:
To monitor and evaluate contractor's progress and accomplishments in conducting the maintainability program for the applicable contract end item(s).

Requirements:

1. Reference documents. The applicable issue of the documents cited herein, including their approval dates and dates of any applicable amendments, notices, and revisions, shall be as specified in the contract.

2. Content. Each report shall include all the information required by Paragraph 103.2 of MIL-STD-470.

Examples:

a. The work accomplished and results obtained on each task defined by the contractor's approved Maintainability Program Plan.

b. Summaries of the status of previously reported problems which were unresolved at the close of the last reporting period.

c. A list of current problems containing:

(1) A serial number assigned to identify the problem.
(2) The date on which the problem was first detected.
(3) A short statement identifying the problem and its effect.
(4) The activity assigned to work on the problem.
(5) The expected resolution and date to be achieved.
(6) A short statement of accomplishment to-date or a cross-reference to other reports.
(7) The date the problem was resolved.
