DATA ITEM DESCRIPTION

Title: Packaging Development Data Report

Number: DI-PACK-81582A
AMSC Number: A9212
DTIC Application: No
Office of Primary Responsibility: A/CR

Approval Date: 06 October 2011
Limitation: None
GIDEP Application: No

Description/Purpose

This report contains basic identification data required for packaging development. The report can be used as a standalone summary to develop adequate packaging instructions for DoD users.

Application/Interrelationship

This Data Item Description (DID) contains the format and content preparation instructions for a Packaging Development Data Report. This DID is applicable to the acquisition of military systems and equipment.

This DID supersedes DI-ILSS-81154A

Preparation Instructions

Reference documents. The applicable issue of the documents cited herein, including their approval dates and the dates of any applicable amendments, notices, and revisions shall be as specified in the contract.
Format. The report may be prepared in a contractor-selected format so long as it contains the information required for a Packaging Development Data Report.
Content. The data required for the Packaging Developmental Data Report is contained in Paragraph 10.3.1 of this DID. These data elements are defined in Appendix A of GEIA-STD-0007.

Mandatory and optional report selection. The Packaging Developmental Data Report consists of the following mandatory selections:

Data Product Dictionary

(DPD) Number	Item Name
1050	Reference P/N
0680	NSN
0140	Packaging Data Preparer CAGE
0360	Hazardous Code
0750	Packaging Category Code
1220	SMR Code
1470	Unit of Issue
1530	Unit Size
1550	Unit Weight
