DATA ITEM DESCRIPTION

Title: INSTALLATION AND CHECKOUT (INCO) SPARES LISTING

Number: DI-SESS-81619 **Approval Date:** 20010801
AMSC Number: N7449 **Limitation:**
DTIC Applicable: **GIDEP Applicable:**
Office of Primary Responsibility: N/PMS377
Applicable Forms: N/A
Use/Relationship: The Installation and Checkout (INCO) Spares Listing provides information on the description, part number, supplier, quantity, unit cost, and extended cost of INCO Spares.

INCO Spares are spare parts identified for use during installation and testing of equipment to reduce lost productive time due to acquisition time for replacement spare parts.

a. This Data Item Description (DID) contains the format and content preparation instructions for the data product generated by the specific and discrete task required as delineated in the contract.
b. The INCO Spares list provides the latest listing of INCO spares and their cost. The updated list of INCO spares is used to list those items that will be purchased in support of equipment installation and testing.

Requirements:

1. Format. The INCO Spares listing shall be presented in the Contractor's format. Unless effective presentation would be degraded, the initially used format shall be used for all subsequent submissions.

1.1 Pagination. Each page shall be sequentially numbered.

1.2 Columnar Data. Data Columns shall have descriptive nomenclature.

2. Content. The INCO Spares listing shall contain the following:

a. Description of system or equipment
b. Description of INCO Spare.
c. Part Number INCO Spare.
d. Supplier of INCO Spare.
e. Quantity of INCO Spare(s).
f. Unit Cost of INCO Spare.

DISTRIBUTION STATEMENT A: APPROVED FOR PUBLIC RELEASE; DISTRIBUTION IS UNLIMITED.
