DATA ITEM DESCRIPTION

Title: MAINTAINABILITY PROGRAM PLAN

Number: DI-MNTY-81600
AMSC Number: G7419
DTIC Applicable: N/A
Approval Date: 8 February 2001
Limitation: N/A
GIDEP Applicable: No

Office of Primary Responsibility: G/Y242

Applicable Forms: None

Use/relationship:
This plan describes the contractor's maintainability program, how it will be conducted and the controls and monitoring provisions levied on subcontractors and vendors. It describes in detail the specific techniques and tasks to be performed and their integration and development in conjunction with other specified related plans. The principal uses are to provide the contracting activity a basis for review and evaluation of the contractor's maintainability program (and its proposed components) and for determining contractual compliance.

Requirements:
1. Reference documents. The applicable issue of the documents cited herein, including their approval dates and dates of any applicable amendments, notices, and revisions, shall be as specified in the contract.

2. Content. The Maintainability Program Plan shall identify, describe, and tie together those maintainability program components described in paragraph 101.2 of Task 101, "Maintainability Program Plan" of MIL-STD-470 as tailored to the particular need of the acquisition program.

3. Format. The format of the plan shall be in accordance with ANSI Z39.18, "Scientific and Technical Reports: Organization, Preparation, and Production".

4. End of DI-MNTY-81600
