INTERIM COMMERCIAL ITEM DESCRIPTION

SUNSCREEN PREPARATION, NON-ALCOHOLIC, LOTION BASE, NON-PABA

The General Services Administration has authorized the use of this Interim Commercial Item Description which was developed by the Defense Personnel Support Center, Directorate of Medical Materiel, DPSC-RST, 2800 South 20th Street, Philadelphia, PA 19101, based upon currently available technical information.

Salient characteristics:

Shall be a fragrance-free, waterproof, non-comedogenic sunscreen preparation capable of providing a minimum Sun Protection Factor rating of 29.

The sunscreening preparation shall be Para Amino Benzoic Acid (PABA)-Free and shall contain the following formula in a non-alcoholic lotion base:

Octyl Methoxycinnamate	7%
Octyl Salicylate	5%
Oxybenzone	6%

Shall assay to contain not less than 90.0 percent and not more than 110.0 percent of the required amounts of active ingredients when tested by a suitable, accurate and reproducible method(s).

Shall be applied to the skin and subjected to simulated swimming in a whirlpool bath. After not less than 80 minutes, the preparation shall provide a minimum sun protection factor of 29 when tested by an approved FDA method.

The bidder or offeror shall submit with its bid or proposal an FDA approved method with results for the determination of the required sun protection factor and test methods with results for determining the product to be non-comedogenic. If the method(s) are approved and acceptable by the government, such methods shall be employed in the testing of the product and need not be resubmitted, provided the bidder or offeror certifies that there has been no change in formulation or method of manufacture.

AMSC/NA FSC 6505

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.

Check the source to verify that this is the current version before use.

Shall have stability data acceptable to FDA to support a minimum of three year shelf life.

Material used in the manufacture of the product shall be of pharmaceutical grade.

Workmanship. The product shall be free from defects which detract from its appearance or impair its serviceability.

Unit. Bottle (BT). One plastic bottle with a dispensing device containing 4 oz (113.4 Gram), as specified, constitutes one unit.

Contractor certification. The contractor shall certify that the product offered meets the salient characteristics of this description and conforms to the producers' own drawings, specifications, standards, and quality assurance practices. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

Regulatory requirements.

Federal Food, Drug and Cosmetic Act. If the product covered by this document has been determined by the U.S. Food and Drug Administration to be under its jurisdiction, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of the Federal Food, Drug and Cosmetic Act, as amended, and regulations promulgated thereunder. In addition, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of all other applicable Federal, State, and local statutes, ordinances, and regulations.

Recovered materials. The offeror/contractor is encouraged to use recovered material in accordance with Public Law 94-580, as amended, and as implemented by Federal Acquisition Regulation Subpart 23.4 to the maximum extent practical.

Preservation, packaging, packing, labeling, and marking. Unless otherwise specified, preservation, packaging, and packing shall be to a degree of protection to preclude damage to containers and/or contents thereof under normal shipping conditions, handling, etc., involving shipment from the supply source to the receiving activity, plus reshipment from receiving activity, and shall conform to applicable carrier's rules and regulations. Intermediate and exterior package quantities and labeling and marking shall be as specified in the contract and/or order.

'STRUCTIONS: In a continuing effort to make our standardization documents better, the DoD provides this form for use in ɔmitting comments and suggestions for improvements. All users of military standardization documents are invited to provide suggestions. This form may be detached, folded along the lines indicated, taped along the loose edge *(DO NOT STAPLE)*, and mailed. In block 5, be as specific as possible about particular problem areas such as wording which required interpretation, was too rigid, restrictive, loose, ambiguous, or was incompatible, and give proposed wording changes which would alleviate the problems. Enter in block 6 any remarks not related to a specific paragraph of the document. If block 7 is filled out, an acknowledgement will be mailed to you within 30 days to let you know that your comments were received and are being considered.

NOTE: This form may not be used to request copies of documents, nor to request waivers, deviations, or clarification of specification requirements on current contracts. Comments submitted on this form do not constitute or imply authorization to waive any portion of the referenced document*(s)* or to amend contractual requirements.
