4. QUALITY ASSURANCE PROVISIONS

4.1 Supplier responsibility for inspection. Unless otherwise specified
n the contract or purchase order, the supplier is responsible for the per-
ormance of all inspection requirements as specified herein. Except as
therwise specified in the contract or order, the supplier may use his own
r any other facilities suitable for the performance of the inspection re-
uirements specified herein, unless disapproved by the Government. The
overnment reserves the right to perform any of the inspections set forth
n the specification where such inspections are deemed necessary to assure
upplies and services conform to prescribed requirements.

4.1.1 Records of examinations and tests performed by or for the contractor
hall be maintained by the contractor and made available to the Government,
pon the Government's request, at any time, or from time to time, during the
erformance of the contract and, (i) as to any expiration dated item, for
he expiration dating period specified by the contractor
or such item, or such longer period as may be required by regulation of
ny federal agency; or (ii) as to non-dated items, for not less than 3 years
fter delivery of the item to the Government.

4.1.2 No company supplying any ingredient(s) to the contractor will be
onsidered an acceptable facility for the performance of any inspection re-
rements specified herein.

4.2 Lot. For purposes of this specification, a lot, batch, or control
s that single, uniform, and homogeneous quantity of finished vaccine pro-
luced from one formulation, subjected to the same compounding and manufacturing
peration, and filled into final containers.

4.3 Packaging inspection. The inspection of the intermediate pack-
ge, packing and marking for shipment and storage shall be in accordance
ith quality assurance provisions of the applicable container specification
and the marking requirements of MIL-STD-129.

4.4 Labeling inspection. Sampling shall be in accordance with MIL-STD-105
and the unit of product shall be the unit of issue. The inspection lot
shall be the number of units of issue of each batch, lot, control number,
etc., offered for inspection at one time. The inspection level for packaging
shall be S-2 and the acceptance number shall be zero.

5. PACKAGING

5.1 Packaging requirements. The requirements for packaging shall be in accordance with all applicable requirements of PPP-C-186 (See 6.3) and as specified herein.

5.2 Packaging. Packaging shall be level A or C as specified (See 6.1).

5.2.1 Unit of issue. One package containing 25 vials of vaccine along with 25 vials of diluent, as specified, constitutes one unit of issue.

5.2.2 Level A.

5.2.2.1 Immediate container: The immediate container for the dried vaccine and sterile diluent shall be a commercially available container considered acceptable by the U. S. Department of Agriculture for the product contained therein and shall be of such compatibility that neither the contents nor the container are altered in any way by each other.

5.2.2.2 Unit package. Each unit, 25 vials of vaccine along with 25 vials of diluent, shall be packaged as specified in 5.2.5 of PPP-C-186.

5.2.2.3 Intermediate package. Twelve unit packages shall be packaged as specified in paragraph 5.2.8 of PPP-C-186.

5.2.3 Level C. Units shall be packaged in standard commercial containers of the size and kind commonly used, which will afford the degree of protection required for shipment and use of the product for its intended purpose.

5.3 Packing. Packing shall be level A, B or C as specified (see 6.1).

5.3.1 Level A. Six intermediate packages (72 units) shall be packed in an exterior container designed for a type 1 load as specified in 5.4.4 of PP-C-186.

5.3.2 Level B. Six intermediate packages shall be packed in an exterior container designed for a type 2 load as specified in 5.4.3.2 of PPP-C-186.

5.3.3 Level C. The subject commodity shall be packed in substantial commercial containers of the type, size, and kind commonly used for the purpose, so constructed as to insure acceptance and safe delivery by common or other carriers, at the lowest rate, to point of delivery called for in the contract or purchase order.

5.4 Marking.

5.4.1 Labeling. Labeling shall be in accordance with the requirements of the U. S. Department of Agriculture and shall include the information required below:

5.4.1.1 Immediate container.

5.4.1.1.1 Dried vaccine. Each immediate container label for dried vaccine shall bear the following information:

(a) label information in accordance with commercial practice.
(b) the expiration date.

5.4.1.1.2 Sterile diluent. Each immediate container label for sterile diluent shall bear the following information:

(a) label information in accordance with commercial practice.

5.4.1.2 Unit package. Each unit package label shall bear the following information:

(a) label information in accordance with commercial practice.
(b) the National Stock Number.

Notes: (1) The national stock number shall not be preceded by any prefix.
(2) Strip labeling may be used.
(3) Label adhesion test shall not apply.

5.4.2 Intermediate package. Each intermediate package shall be marked as specified in 5.5.3 of PPP-C-186. Type I shelf life markings shall be shown as specified in MIL-STD-129. Marking shall include the legends:

"DO NOT PERMIT TO FREEZE"

AND

"STORE BETWEEN 2°-7°C (35° - 45°F)"

5.4.3 Exterior container. Exterior container shall be marked as specified in 5.5.4 of PPP-C-186. Type I shelf life marking shall be shown as specified in MIL-STD-129.

"DO NOT PERMIT TO FREEZE"

AND

"STORE BETWEEN 2° -7°C (35° - 45° F)"

'OTE: The subject item shall be shipped under constant refrigeration between ° - 7°C (35° - 45° F).

STANDARDIZATION DOCUMENT IMPROVEMENT PROPOSAL

OMB Approval
No. 22-R255

INSTRUCTIONS: The purpose of this form is to solicit beneficial comments which will help achieve procurement of suitable products at reasonable cost and minimum delay, or will otherwise enhance use of the document. DoD contractors, government activities, or manufacturers/vendors who are prospective suppliers of the product are invited to submit comments to the government. Fold on lines on reverse side, staple in corner, and send to preparing activity. Comments submitted on this form do not constitute or imply authorization to waive any portion of the referenced document(s) or to amend contractual requirements. Attach any pertinent data which may be of use in improving this document. If there are additional papers, attach to form and place both in an envelope addressed to preparing activity.
