AA-D-600D
Amendment 1
May 25, 2001

AMENDMENT

TO

FEDERAL SPECIFICATION

DOOR, VAULT, SECURITY

The General Services Administration has authorized the use of this amendment, which forms a part of AA-D-600D, dated May 15, 2000, by all federal agencies.

Delete Paragraph 3.13 in its entirety and substitute the following:

3.13 Door labels. Each vault door furnished by contract or order under this specification shall bear metallic labels as specified hereunder. The GSA label, and model Number label shall be attached with a durable adhesive and either two rivets or two drive screws. The label attachment shall not degrade the cabinet security

Delete Paragraph 3.16 in its entirety and substitute the following:

3.16 Assembly drawing and parts list. A parts list of all door parts which may be subject to subsequent replacement because of wear or damage shall be furnished with each door delivered under contract. The parts list shall clearly identify the parts by description, location and part number. When necessary, assembly drawings shall be provided to show the location of the parts. The parts list shall be printed on heavy paper or other suitable material and bonded by glue or adhesive to an inside surface of the cabinet in a location accessible to maintenance personnel.
