INTERIM AMENDMENT

TO

FEDERAL SPECIFICATION

FILING CABINET, STEEL, LEGAL AND LETTER SIZE, INSULATED, SECURITY

This interim amendment was developed by Federal Supply Service, General Services Administration, Washington, D. C. 20406, based upon currently available technical information. It is recommended that Federal agencies use it in procurement and forward any recommendations for changes to the preparing activity at the address shown above.

The General Services Administration has authorized the use of this interim amendment as a valid exception to Federal Specification AA-F-357F, dated June 15, 1970.

PAGE 1

Paragraph 1.1 - Delete text in its entirety and substitute the following:

"This specification covers insulated security filing cabinets which are designed to conform to the standards for security equipment as set forth in the 'National Security Council Directive Governing The Classification, Downgrading, Declassification And Safeguarding Of National Security Information.' The cabinets provide protection against unauthorized entry for the periods of time specified in 1.2.1 and protect the stored material against fire damage for not less than one hour."
