AA-P-560a
INT. AMENDMENT 2
October 3, 1968
SUPERSEDING
Int. Amendment-1(GSA-FSS)
September 14, 1967

INTERIM AMENDMENT

TO

FEDERAL SPECIFICATION

POINTER, LECTURE

This interim amendment was developed by the Standardization Division, Federal Supply Service, General Services Administration, Washington, D.C. 20405, based upon currently available technical information. The General Services Administration has authorized the use of this interim amendment as a part of Federal Specification AA-P-560a, dated April 27, 1966.

PAGE 1

Paragraph 3.1.2: Delete and substitute:

3.1.2 Rubber. Rubber used for the tip shall be white in color, and shall be natural rubber, synthetic rubber, or a mixture of natural and synthetic rubber.

PAGE 2

Paragraph 3.3.1: Add the following: "Alternatively, the rod may be untapered, in which case the diameter shall be 1/2 ± 1/16 inch."
