NOTICE 1
8 April 1958

MILITARY SPECIFICATION

CONNECTORS, ELECTRICAL, ENVIRONMENT RESISTING, MINIATURE, WITH SNAP-IN CONTACTS

This notice should be filed in front of or in pace of Specification MIL-C-25955(USAF) dated 9 January 1958.

1. For U. S. Air Force applications, connectors controlled by the subject specification shall not be employed for new design applications without specific approval of the procuring activity prior to use.

2. This notice is published in order to limit the application of the subject connectors to replacement of and substitution for certain connectors, with identical engagement or mating designs, already in use in established equipments.

(Copies of specifications, standards, drawings, and publications required by contractors in connection with specific procurement functions should be obtained from the procuring activity or as directed by the contracting officer.)
