FEDERAL SPECIFICATION

BACITRACIN AND NEOMYCIN SULFATE OINTMENT

This specification was approved by the Commissioner, Federal Supply Service, General Services Administration, for the use of all Federal agencies.

1. SCOPE

1.1 Scope. This specification covers Bacitracin and Neomycin Sulfate Ointment (see 6.2).

2. APPLICABLE DOCUMENTS

2.1 The following documents of the issue in effect on date of invitation for bids or request for proposals, form a part of this specification to the extent specified herein:

Federal Specifications:

PPP-B-566 - Boxes, Folding, Paperboard.
PPP-B-636 - Boxes, Shipping, Fiberboard.
PPP-B-676 - Boxes, Set-Up.
PPP-C-186 - Containers, Packaging and Packing for Drugs, Chemicals and Pharmaceuticals.

Federal Standards:

Fed. Std. No. 123 - Marking for Shipment (Civil Agencies).

(Activities outside the Federal Government may obtain copies of Federal Specifications, Standards, and Handbooks as outlined under General Information in the Index of Federal Specifications and Standards and at the prices indicated in the Index. The Index, which includes cumulative monthly supplements as issued, is for sale on a subscription basis by the Superintendent of Documents, U.S. Government Printing Office, Washington, DC 20402.

3. REQUIREMENTS

3.1 Material. Shall be a homogeneous topical ointment containing 500 U.S.P. units of Bacitracin and 5 mg of Neomycin Sulfate (equivalent to 3.5 mg of Neomycin Base) per gram of ointment. In addition, the ointment shall contain a base consisting of Petrolatum, with or without Liquid Petrolatum.

3.1.1 The bacitracin and neomycin sulfate shall be thoroughly mixed and suspended as finely divided particles in a base consisting of Petrolatum, with or without Liquid Petrolatum.

3.2 Assay. The finished ointment shall assay to contain the required amounts of each antibiotic within FDA assay limits.

3.3 Certification. The finished ointment shall conform to the pertinent provisions of the regulations for the certification of antibiotic and antibiotic-containing drugs, Title 21, applicable paragraphs, as promulgated by the Food and Drug Administration (F.D.A.). Each lot shall be certified by the F.D.A.

3.4 Ingredients. All ingredients used in the manufacture of the product shall be of U.S.P. or N.F. quality or, if not included in either of these compendia, the ingredients shall be suitable for use in the ointment.

3.5 Contents. Filled immediate containers shall contain an average weight of not less than 14.2 Grams and no one immediate container shall contain less than 13.4 Grams.

3.6 Expiration dating period. The expiration dating period shall be not less than 36 months. Not more than 4 months of the expiration dating period shall have elapsed at the time of delivery of the product to the Government.

3.7 Workmanship. The material and its containers shall be free from any defects which detract from their appearance or may impair their serviceability.

4. QUALITY ASSURANCE PROVISIONS

4.1 Responsibility for inspection. Unless otherwise specified in the contract or purchase order, the supplier is responsible for the performance of all inspection requirements as specified herein. Except as otherwise specified in the contr ct or order, the supplier may use his own or any other facilities suitable for the performance of the inspection requirements specified herein, unless disapproved by the Government. The Government reserves the right to perform any of the inspections set forth in the specification where such inspections are deemed necessary to assure supplies and services conform to prescribed requirements.

Check the source to verify that this is the current version before use.

4.1.1 Records of examinations and tests performed by or for the contractor shall be maintained by the contractor and made available to the Government, upon the Government's request, at any time, or from time to time, during the performance of the contract and, (i) as to any expiration dated item, for the expiration dating period (potency period) specified by the contractor for such item, or such longer period as may be required by regulation of any federal agency; or (ii) as to non-dated items, for not less than 3 years after delivery of the items to the Government.

4.1.2 No company supplying any ingredient(s) to the contractor will be considered an acceptable facility for the performance of any inspection requirements specified herein.

4.2 Lot. For purposes of this specification, a lot, batch, or control is that single, uniform and homogeneous quantity of ointment produced from one formulation, subjected to the same compounding and manufacturing operation, and filled into final containers.

4.3 Sampling. Sampling shall be conducted in accordance with MIL-STD-105.

TABLE I. Sampling

For visual examination	Inspection level	AQL (percent defective)	Unit of product
Major	S-2	1.0	Filled tube
Minor	II	2.5	Immediate container

4.3.1 Classification of defects. Examination will be conducted in accordance with the following classification of defects:

TABLE II. Classification of defects

Categories	Defects 1/
Major	
101	Ointment not homogeneous, not free from separation.
102	Ointment not smooth.
103	Ointment not free from grit.
104	Ointment not free from foreign matter.
Minor	
201	Exterior of immediate container not free from contents or foreign matter.
202	Label not free from defacing marks and tears.

1/ Inspection is not restricted to the classified possible defects listed above.

Check the source to verify that this is the current version before use.

4.4 Tests. Tests shall be performed to determine compliance with all requirements of this document and all referenced documents.

4.5 Examination of preparation for delivery (for Military use only). An examination shall be made to determine compliance with the packaging, packing and marking requirements of section 5. Defects shall be scored as specified in table II. Sampling shall be in accordance with MIL-STD-105. The sample unit shall be one container fully prepared for delivery. The lot shall be the number of containers offered for inspection at one time. The inspection level shall be S-2 with AQL of 4.0 expressed in terms of percent defective.

TABLE III. Examination of preparation for delivery 1/

Examination	Defect
Contents	Not as specified.
Container	Not as specified.
Marking	Omitted; incorrect; illegible; improper size, location, sequence or method of application.
Material	Component missing or damaged.
Workmanship	Bulging or distortion of containers.

4.6 Examination of closure, waterproofing and banding of container. 1/ When the shipping container is required to comply with PPP-B-636, the examination for defects in closure, waterproofing or banding shall be in accordance with the appendix of the box specification.

5. PACKAGING.

5.1 Packaging requirement. The requirements for packaging shall be in accordance with all applicable paragraphs of PPP-C-186 and as specified herein.

5.2 Packaging. Packaging shall be level A or C as specified (see 6.1).

5.2.1 Unit of issue (for Military use only). One tube containing 14.2 grams of Bacitracin and Neomycin Sulfate Ointment, as specified, constitutes one unit of issue.

1/ The above examinations are only applicable to the unit, intermediate and exterior container.

Check the source to verify that this is the current version before use.

5.2.2 Level A.

5.2.2.1 Immediate container. The immediate container shall be a commercially available ointment tube considered acceptable by the Food and Drug Administration (FDA) for the product contained therein and shall be of such compatibility that neither the contents nor the container are altered in any way by each other.

5.2.2.2 Unit package. The contractor has the option to furnish a unit package. If a unit package is furnished, each unit shall be packaged in a box conforming to PPP-B-566 or PPP-B-676. Closure shall be as specified in the appendix of the applicable box specification.

5.2.2.3 Intermediate package. Twelve units shall be packaged in a box conforming to PPP-B-566, PPP-B-676 or PPP-B-636, class domestic. Closure shall be as specified in the appendix of the applicable box specification.

5.2.3 Level C. Units shall be packaged in standard commercial containers of the size and kind commonly used, which will afford the degree of protection required for shipment and use of the product for its intended purpose.

5.3 Packing. Packing shall be level A, B or C as specified (see 6.1).

5.3.1 Level A. Seventy-two intermediate packages (864 units) shall be packed in an exterior container designed for a type 2 load and conforming to PPP-B-636, class weather-resistant. Closure, strapping and water-proofing shall be as specified in the appendix of the box specification.

5.3.2 Level B. Seventy-two units (864 units) shall be packed in an exterior container designed for a type 2 load and conforming to PPP-B-636, class domestic. Closure shall be as specified in the appendix of the box specification.

5.3.3 Level C. The subject commodity shall be packed in substantial commercial containers of the type, size, and kind commonly used for the purpose, so constructed as to insure acceptance and safe delivery by common or other carriers to point of delivery called for in the contract or purchase order.

5.4 Marking.

5.4.1 Civil agencies.

5.4.1.1 Interior packages. Commercial marking in compliance with the requirements of the Federal Food, Drug and Cosmetic Act.

5.4.1.2 Shipping container. In addition to any special marking required by the contract or order, shipping containers shall be marked in accordance with Fed. Std. No. 123.

Source: https://assist.dla.mil -- Downloaded: 2026-10-26T11:20Z
Check the source to verify that this is the current version before use.

4.3 Sampling. Sampling shall be conducted in accordance with MIL-STD-

5.4.2 Military activities.

5.4.2.1 Labeling. Labeling shall be in accordance with the requirements of the Federal Food, Drug and Cosmetic Act, and shall include the information required below:

5.4.2.1.1 Immediate container. Each immediate container label shall bear the following information:

(a) label information in accordance with commercial practice.

(b) the expiration date.

5.4.2.1.2 Unit packages. Each unit package label shall bear the following:

(a) labeling information in accordance with commercial practice.

(b) the National Stock Number.

(c) extended potency lines.

NOTES: (1) the National Stock Number shall not be preceded by any prefix.

(2) Strip labeling may be used.

(3) Label adhesion test shall not apply.

(4) If a unit package is not supplied, the National Stock Number and extended potency lines shall appear on the immediate container label.

5.4.2.2 Intermediate package. Each intermediate package shall be marked in accordance with MIL-STD-129. Lot (control) number, contract or purchase order number and name of contractor shall be shown. Type II Shelf Life marking as specified in MIL-STD-129 shall also be shown. Marking shall also include the legend: "STORE AT CONTROLLED ROOM TEMPERATURE (59°- 86°F)".

5.4.2.3 Exterior container. Exterior container shall be marked in accordance with MIL-STD-129. Lot (control) number and the legend: "STORE AT CONTROLLED ROOM TEMPERATURE (59°- 86°F)" shall be shown. Marking shall also include Type II Shelf Life marking as specified in MIL-STD-129.

6. NOTES

6.1 Ordering data. Purchasers should select the preferred options permitted herein and include the following information in procurement documents:

Source: https://assist.dla.mil -- Downloaded: 202610-26T11:20Z
Check the source to verify that this is the currentversion before use.

(a) Title, number and date of this specification.
(b) the National Stock Number.
(c) Selection of applicable levels of packaging and packing (See 5.2 and 5.3).

6.2 This specification covers the following item(s):

National Stock No.	Item Identification
6505-00-299-8740	BACITRACIN AND NEOMYCIN SULFATE OINTMENT, 1/2 oz. (14.2 Grams)

MILITARY CUSTODIANS:
Army - MD
Navy - MS
Air Force - 03

Preparing activity:
Defense Supply Agency - DM

Civil Agency Coordinating activities:
GSA - FSS
HEW - FDA
VA - DMS

Project No. 6505-1401

Orders for this publication are to be placed with General Services Administration, acting as an gent for the Superintendent of Documents. See section 2 of this specification to obtain extra copies and other documents referenced herein. **Price 30 cents each.**
