COMMERCIAL ITEM DESCRIPTION

DOUGHNUTS, FRESH, PLAIN, COATED, OR FILLED

The U.S. Department of Agriculture has authorized the use the use of this Commercial Item Description in preference to Type I, Type II, or Type III of Federal Specification EE-D-575.

This Commercial Item Description (CID) covers market varieties of fresh doughnuts, packed in commercially acceptable containers, suitable for use by the Federal Government.

Salient characteristics.

The doughnuts shall be fresh, plain, coated, or filled as specified in the contract agreement. The doughnuts shall have a dry, nongreasy appearance. They shall have no raw, stringy, or gelatinized centers, but shall have a fairly uniform cooked texture. The crust shall have a typical color, shall not be burned or scorched, and shall not show grease over 1/8 inch into the cut surface. Coatings, if specified, shall adhere to the crust when subjected to the ordinary shocks of transportation. Fillings or coatings, if specified, shall not adhere to adjacent doughnuts or packaging material. The product shall have a characteristic fresh taste and pleasant flavor and odor. The weight and count per package shall be as specified in the contract agreement. Age of product at time of receipt shall not exceed 24 hours.

Contractor's certification.

By submitting an offer, the contractor certifies that the product offered meets the specified salient characteristics and requirements of this CID; conforms to the producer's own specifications and standards, including product characteristics, manufacturing procedures, quality control procedures, and storage and handling practices; has a national or regional distribution from storage facilities located within the United States, its territories, or possessions; and is sold on the commercial market. The Government reserves the right to determine proof of such conformance prior to the first delivery from point of origin and any time thereafter, up to and including delivery at final destination, as may be necessary to determine conformance to the provisions of the contract.

Regulatory requirements.

The delivered product shall comply with all applicable Federal and State mandatory requirements and regulations relating to the preparation, packaging, labeling, storage, distribution, and sales of the product in the commercial marketplace. All deliveries shall conform in every respect to the provisions of the Federal Food, Drug, and Cosmetic Act and regulations promulgated thereunder.

Quality assurance.

When required in the solicitation, contract or purchase order, the Federal Grain Inspection Service (FGIS) of the U.S. Department of Agriculture, will determine the quality assurance of the fresh doughnuts according to FGIS procedures. The product shall be examined and/or analyzed in accordance with applicable provisions in the CID, and when applicable, the United States Standards for Condition of Food Containers currently in effect on the date of the solicitation.

Preservation, packaging, packing, labeling, and marking.

The fresh doughnuts shall be preserved, packaged, packed, labeled, and case marked in accordance with good commercial practice. Commercial labeling and packaging, as may be augmented by the solicitation, contract, or purchase order, shall be acceptable. Shipping containers shall comply with the National Motor Freight Classification or Uniform Freight Classification, as applicable.

For Department of Defense procurements (Only).

The following requirements are applicable when specified by the contracting officer.

A. Commercial packaging. The doughnuts shall be packaged in accordance with commercial practice. The package shall afford adequate protection against deterioration and physical damage during shipment from the supply source to the first consuming activity.

B. Commercial packing. Packing shall be in accordance with commercial packing complying with the National Motor Freight Classification or Uniform Freight Classification, as applicable.

C. Labeling. Commercial labeling shall be acceptable.

D. Marking. Marking of shipping containers shall be in accordance with MIL-STD-129.
