COMMERCIAL ITEM DESCRIPTION

BELLADONNA ALKALOIDS WITH PHENOBARBITAL TABLETS

The General Services Administration has authorized the use of this Commercial Item Description.

This drug is a sedative and antispasmodic that may be used in the treatment of gastric hypermotility.

SALIENT CHARACTERISTICS: This Commercial Item Description applies to tablets packaged in various quantities according to customary commercial practice, including unit of use and unit dose. The tablets shall contain 16.2 mg. of Phenobarbital, 0.0194 mg. of Atropine Sulfate, 0.0065 mg. of Hyoscine Hydrobromide, and 0.1037 mg. of Hyoscyamine Sulfate per tablet within the designated assay limits. The tablets shall contain not less than 95.0 percent and not more than 105.0 percent of the required amount of Phenobarbital when assayed by a suitable, accurate and reproducible method. The tablets shall contain not less than 0.1166 mg. and not more than 0.1426 mg. of total alkaloids per tablets when assayed by suitable, accurate and reproducible method. Materials used in manufacture shall be of a pharmaceutical grade and finished tablets will be smooth and intact. Expiration dating shall be not less than 18 months remaining at time of delivery to the Government, and may range up to 60 months, as deemed appropriate by the contracting officer.

CONTRACTOR CERTIFICATION: The contractor shall certify that the product offered meets the salient characteristics of this description and conforms to the producer's own drawings, specifications, standards, and quality assurance practices, and is the same as the product sold in the commercial marketplace. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

REGULATORY REQUIREMENTS

Federal Food, Drug and Cosmetic Act - If the product covered by this document has been determined by the U.S. Food and Drug Administration to be under it's jurisdiction, the offeror/contractor shall comply, and be responsible for compliance by it's subcontractors/ suppliers, with the requirements of the Federal Food, Drug and Cosmetic Act, as amended, and regulations promulgated thereunder. In addition, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of all other applicable Federal, State, and local ordinances, statutes, and regulations.

Recovered Materials - The offeror/contractor is encouraged to use recovered material in accordance with Public Law 94-580 to the maximum extent practical.

PRESERVATION, PACKAGING, PACKING, LABELING, AND MARKING: Unless otherwise specified, preservation, packaging, and packing shall be to a degree of protection to preclude damage to containers and/or contents thereof under normal shipping conditions, handling, etc., involving shipment from the supply source to the receiving activity, plus reshipment from receiving activity, and shall conform to applicable carrier's rules and regulations. Intermediate and exterior packaging quantities and labeling and marking shall be as specified in the contract and/or order.
