MATERIAL: Material for the bottles shall be as specified in the table. The snap-on caps shall be made of polyethylene.

DESIGN: The bottles shall be cylindrical with a flat bottom and a rimmed top to fit the snap-on cap.

NOTE: Items differing from this Military Standard by minor variations in design or dimensions are considered standard under this document, provided such variations do not affect performance and are not in conflict with the material requirements specified herein.

APPROVED 7 JAN 1983 REVISED

This military standard is approved for use by all Departments and Agencies of the Department of Defense. Selection for all new engineering and design applications and for repetitive use shall be made from this document.
