QUALIFIED PRODUCTS LIST
OF
PRODUCTS QUALIFIED UNDER MILITARY SPECIFICATION
MIL-C-6985

CLAMPS, HOSE

This list has been prepared for use by or for the Government in the acquisition of products covered by the subject specification and such listing of a product is not intended to and does not connote indorsement of the product by the Department of Defense. All products listed herein have been qualified under the requirements for the product as specified in the latest effective issue of the applicable specification. This list is subject to change without notice; revision or amendment of this list will be issued as necessary. The listing of a product does not release the supplier from compliance with the specification requirements.

THE ACTIVITY RESPONSIBLE FOR THIS QUALIFIED PRODUCTS LIST IS THE ENGINEERING DIVISION, SAN ANTONIO AIR LOGISTICS CENTER (82), KELLY AFB, TEXAS 78241.

1/ When Government designation is specified as AN737 without RM, TM, or TW code either the radial or tangential type clamp may be furnished.

2/ Multiple size hose clamps which are suitable for use on more than one size of hose and are marked with no more than two dash numbers indicating the smallest and largest inside diameters, such as AN737W44-46, are approved, provided they are of the manufacturer's styles and specific sizes shown on this Qualified Products List.
