MILITARY SPECIFICATION

DIGOXIN ELIXIR, USP, PEDIATRIC, 0.05 mg per cc, 60 cc

1. SCOPE

1.1 This specification covers Digoxin Elixir, U.S.P. Potency: 36 Months.

2. APPLICABLE DOCUMENTS

2.1 The following documents, of the issue in effect on date of invitation for bids or request for proposals, form a part of this specification to the extent specified herein:

SPECIFICATIONS

Federal

PPP-B-636	Box, Fiberboard.
PPP-C-00186B	Containers, Packaging and Packing for Drugs, Chemicals, and Pharmaceuticals.

STANDARDS

Military

MIL-STD-105	Sampling Procedures and Tables for Inspection by Attributes.
MIL-STD-129	Marking for Shipment and Storage.

(Copies of specifications and standards required by suppliers in connection with specific procurement functions should be obtained from the procuring activity or as directed by the contracting officer.)

FSC 6505

2.2 Other publications. The following documents form a part of this specification to the extent specified herein. Unless otherwise indicated, the issue in effect on date of invitation for bids or request for proposals shall apply.

AMERICAN PHARMACEUTICAL ASSOCIATION PUBLICATION

National Formulary.

(Application for copies should be addressed to the Mack Publishing Company, Easton, Pa. 18042.)

U.S. DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE, FOOD AND DRUG ADMINISTRATION

Federal Food, Drug, and Cosmetic Act and Regulations Promulgated Thereunder.

(Application for copies should be addressed to the Food and Drug Administration, Washington, D.C. 20204.)

U.S. PHARMACOPEIAL CONVENTION, INC.

Pharmacopeia of the United States.

(Application for copies should be addressed to the Mack Publishing Company, Easton, Pa. 18042.)

3. REQUIREMENTS

3.1 Material. Shall be Digoxin Elixir, U.S.P. in accordance with the tests, standards, and requirements of the U.S.P., including any supplements or revisions thereto.

3.2 Palatability. The finished elixir shall be pleasantly flavored, and shall be palatable to the taste with no unpleasant after-taste. The elixir shall comply with the palatability test specified in 4.3. Not later than the time specified for opening the bids or receipt of proposals, the offeror shall submit to the contracting officer 6 units of product which are representative of the product which the offeror proposes to furnish. A portion of the samples will be subjected to panel testing for a determination of palatability (see Palatability test). A portion will be used by the cognizant Government inspection and quality assurance activities for determining compliance of supplies furnished hereunder with the palatability requirement. Approval as to palatability of any sample submitted by the offeror will not constitute approval of the sample as to any other requirement of this specification. The requirement for submission of samples for use in determining compliance with the palatability requirement may be waived, provided the offeror states, in his bid or proposal, that the product he proposes to furnish is the same product he has offered to the purchasing activity on a previous procurement and the contracting officer determines that such product was previously procured and/or tested by the purchasing activity and found to comply with the specification requirement.

Check the source to verify that this is the current version before use.

3.3 Flavor. The elixir shall be pleasantly flavored. The flavor shall be palatable and suitable for use in the elixir.

3.4 Active ingredient. The Digoxin used in the manufacture of the elixir shall be in accordance with the tests, standards, and requirements of the U.S.P., including any supplements or revisions thereto.

3.5 Other ingredients. All other ingredients entering into the manufacture of the elixir shall be of U.S.P., or N.F. quality or, if not included in either of these compendia, the ingredients shall be of the highest pharmaceutical grade.

3.6 Delivery. Not less than 33 months of the expiration dating period (potency period) shall remain at time of delivery to the Government.

4. QUALITY ASSURANCE PROVISIONS

4.1 Supplier responsibility for inspection. Unless otherwise specified in the contract or purchase order, the supplier is responsible for the performance of all inspection requirements as specified herein. Except as otherwise specified in the contract or order, the supplier may use his own or any other facilities suitable for the performance of the inspection requirements specified herein, unless disapproved by the Government. The Government reserves the right to perform any of the inspections set forth in the specification where such inspections are deemed necessary to assure supplies and services conform to prescribed requirements.

4.1.1 Records of examinations and tests performed by or for the contractor shall be maintained by the contractor and made available to the Government upon the Government's request, at any time, or from time to time, during the performance of the contract and for a period of 3 years after delivery of the supplies to which such records relate.

4.1.2 No company supplying any ingredient(s) to the contractor will be considered an acceptable facility for the performance of any inspection requirements specified herein.

4.1.3 Lot. For purpose of this specification, a lot, batch, or control is that single, uniform, and homogeneous quantity of digoxin elixir produced from one formulation, subjected to the same compounding and manufacturing operation, and filled into final containers.

4.1.4 Inspection. Inspection shall be conducted, as necessary, to determine compliance with the requirements of this specification.

Check the source to verify that this is the current version before use.

4.2 Sampling. Sampling shall be conducted in accordance with the procedures set forth in MIL-STD-105, with an acceptable quality level (AQL) of 1.0 percent defective for major defects and 2.5 percent defective for minor defects.

4.3 Palatability test. A taste panel consisting of 10 members will be used to determine acceptability of samples. Samples will be prepared for testing (samples will be tested undiluted), coded, and served to panel members under controlled serving conditions, e.g., all samples will be of the same amount, and served at the same temperature; each panel member will receive an equal number of samples; the order of serving will be varied among panel members; an interval of at least five (5) minutes will elapse between successive samples and panel members will rinse their mouths with water (room temperature) after each sample; panel members will test without interference either from each other or from outsiders. The product offered shall be rated equal to or better than the 6505-00-890-1726 Palatability Standard,* when determined by the taste panel, using the following 9-point hedonic rating scale. The average rating of the samples shall be equal to or greater than the average rating of the standard, similarly prepared and tested.

1	2	3	4	5	6	7	8	9
Dislike extremely	Dislike very much	Dislike moderately	Dislike slightly	Neither like nor dislike	Like slightly	Like moderately	Like very much	Like extremely

* The 6505-00-890-1726 Palatability Standard is available, upon separate request to the contracting officer, Defense Personnel Support Center, Directorate of Medical Materiel.

4.4 Tests. Tests and examinations shall be conducted as necessary, to determine compliance with all other requirements set forth in this document and referenced documents.

5. PREPARATION FOR DELIVERY

5.1 Preparation for delivery shall be in accordance with all applicable requirements of Interim Federal Specification PPP-C-00186B, dated 15 June 1972, and as specified herein.

5.1.1 Immediate containers. Shall comply with the following classification:

GROUP A	CLASS 1	TYPE a or c	STYLE 1 or 2	GRADE 2
CLOSURE A				SEAL A

Source: https://assist.dla.mil -- Downloaded: 2026-10-21T08:15Z
Check the source to verify that this is the current version before use.

In addition, each bottle shall be furnished with a separate closure C, supplied in a cellophane envelope. The dropper shall be accurately calibrated from 0.4 to 1.0 cc with graduation marks at 0.1 cc intervals. Main (bold) graduation marks shall be at 0.4, 0.6, 0.8, and 1.0 cc. Numbered designations shall appear only at the main graduation marks. No number or mark is required between zero and 0.4 cc.

5.2 Labeling. Labeling shall be in accordance with the requirements of the Federal Food, Drug, and Cosmetic Act, and shall include the information required below:

5.2.1 Immediate containers. Each immediate container label shall bear the following information:

(a) label information in accordance with commercial practice.

(b) the expiration date.

5.2.2 Unit packages. Each unit package label shall bear the following:

(a) labeling information in accordance with commercial practice.

(b) the National Stock Number.

NOTE: The National Stock Number shall not be preceded by any prefix.

Strip labeling may be used.

Label adhesion test shall not apply.

5.3 Packaging.

5.3.1 Unit of issue. One (1) bottle and one (1) dropper, as specified, constitutes one unit of issue.

5.3.2 Unit package. Each unit shall be packaged as specified in 5.2.5 of PPP-C-00186B.

5.3.3 Procedure code. Procedure code No. 4 applies as specified in Table I of PPP-C-00186B except in column 4, delete 12/96 and substitute "12/72".

5.4 Marking.

5.4.1 Intermediate package. In paragraph 5.5.3 of PPP-C-00186B, add: Type I shelf life markings shall be shown as specified in MIL-STD-129. Marking shall include the legend: "SUBJECT TO DAMAGE BY FREEZING".

STANDARDIZATION DOCUMENT IMPROVEMENT PROPOSAL

OMB Approval
No. 22-R255

INSTRUCTIONS: The purpose of this form is to solicit beneficial comments which will help achieve procurement of suitable products at reasonable cost and minimum delay, or will otherwise enhance use of the document. DoD contractors, government activities, or manufacturers/vendors who are prospective suppliers of the product are invited to submit comments to the government. Fold on lines on reverse side, staple in corner, and send to preparing activity. Comments submitted on this form do not constitute or imply authorization to waive any portion of the referenced document(s) or to amend contractual requirements. Attach any pertinent data which may be of use in improving this document. If there are additional papers, attach to form and place both in an envelope addressed to preparing activity.
