4.4.2b Tool control dimensions. Line 5, delete: "mesurements" and substitute: "measurements"

PAGE 10

4.5.1.1: Delete this paragraph in its entirety and substitute:

"4.5.1.1 Salt spray test-base plug. The salt spray test shall be accomplished in accordance with MIL-A-8625.

Two samples for every 5000 units shall be selected during regular production (each lot) for the salt spray test. These samples shall be exposed for 120 hours, beginning with the first lot produced and continuing until three consecutive lots have complied with the applicable requirements.

After three consecutive lots have been accepted, the samples of all subsequent lots shall be exposed for 72 hours. Should any lot fail the applicable requirements, the salt spray samples of the following lot shall be exposed for 120 hours until three consecutive lots have been accepted."

5.1.2 Level B- Minimum military package. Line 1, delete: "omply" and substitute : "comply"
