MATERIAL: The pharmaceutical graduates shall be made of molded polymethylpentene or polypropylene.

DESIGN: The pharmaceutical graduates shall have a flared wide-mouth opening and pour out lip. They shall have double scale with easily read-no meniscus graduations.

NOTES:
1. Items differing from this military standard by minor variations in design or dimensions are considered standard under this document, provided such variations do not affect performance and are not in conflict with the material requirements as specified herein.
2. Referenced documents shall be of the issue on date of invitation for bids.

APPROVED 12 FEB 1982 REVISED

This military standard is approved for use by all Departments and Agencies of the Department of Defense. Selection for all new engineering and design applications and for repetitive use shall be made from this document.
