Periodic-check test: Delete "Periodic-check test" title heading.

Quality conformance inspection, part 3, Method 1131, Metallic base sleeve quality, under Conditions column: Add "See note 9."

Add new note 9 as follows:

"9. This test shall be performed during the initial production and once each succeeding 12-calendar months in which there is production. A regular double sampling plan shall be used, with the first sample of three tubes with an acceptance number of zero, and a second sample of three tubes with a combined acceptance number of one. In the event of failure, the test will be made as a part of quality conformance inspection, part 2, code level D, with an AQL of 6.5. The regular "12-calendar month" double sampling plan shall be reinstated after three consecutive samples have been accepted."
