GGG-P-323C
AMENDMENT-1
April 6, 1970

FEDERAL SPECIFICATION

PICK, ICE

This amendment, which forms a part of a Federal Specification GGG-P-323C, dated February 26, 1968, and was approved by the Commissioner, Federal Supply Service, General Services Administration, for the use of all Federal Agencies.

PAGE 2

Add the following in proper sequence:

2.2 Other publications. The following documents form a part of this specification to the extent specified herein. Unless otherwise indicated, the issue in effect on date of invitation for bids or request for proposal shall apply:

National Classification Board.

National Motor Freight Classification.

(Application for copies should be addressed to the American Trucking Associations, Attn: Tariff Order Section, 1616 P Street, N.W., Washington, D.C. 20036.)

Uniform Classification Committee.

Uniform Freight Classification

(Application for copies should be addressed to the Uniform Classification Committee, 202 Union Station, Chicago, Illinois 60606.)

(Technical society and technical association specifications and standards are generally available for reference from libraries. They are also distributed among technical groups and using Federal agencies.)

Paragraph 3.1 Delete and substitute:

3.1 First article. When specified (see 6.2), before production is commenced, a preproduction sample ice pick being procured under this specification shall be submitted or made available to the contracting officer or his authorized representative for approval, in accordance with 4.2. Approval of the preproduction sample authorizes commencement of production but does not relieve the supplier of responsibility for compliance with the detailed provisons of this specification. The preproduction sample shall be manufactured in the same facilities to be used for the manufacture of the production items. Whenever a material, design, or construction change or deviation is made to the ice pick after approval of the preproduction sample, the Government shall withhold acceptance of subsequent ice picks incorporating those changes until a sample containing changes or deviations has been inspected and approved in accordance with 4.2, or the contracting officer has given written approval based on the evidence furnished that the changes or deviations made do not adversely affect the design and performance of the ice pick. The preproduction unit shall be kept available during entire production and may be furnished as the last unit of the contract. However, before shipment the preproduction unit shall be reworked to meet all requirements of this specification.

Paragraph 3.2 and 3.3, delete and substitute the following:

3.2 Standard product. The ice pick delivered under this specification shall be the manufacturer's commercial current product, except for any changes necessary to comply with specification requirements.

3.3 Materials. Materials not definitely specified shall be of the quality normally used by the manufacturer for ice picks, provided the completed items comply with all provisions of this specification.

PAGE 3

Paragraph 3.4.2, line 7. Delete "1-1/8" and substitute "1-1/16".

Paragraph 4.2. Delete and substitute:

4.2 First article inspection. When a preproduction sample is required, it shall be examined for defects listed in table I and dimensions specified and tested as specified in 4.4.1 and 4.4.2. Failure to pass any tests shall be cause for rejection of the preproduction sample The presence of any defects listed in table I or any dimension not within specified requirements shall be cause for rejection of the preproduction sample.

PAGE 5

Paragraph 4.3.2.3, line 3. Delete "defests" and substitute "defects".

PAGE 6

Paragraphs 4.4.1 and 4.4.2. Add at end of paragraph. "Any noncompliance shall constitute failure of this test."

PAGE 7

Paragraph 5.2.3 Delete the last sentence and substitute: "Containers shall be in accordance with Uniform Freight Classification Rules or National Motor Freight Classification Rules, as applicable."
