J-C-129c
Interim Amendment-1
April 4, 1963

INTERIM AMENDMENT-1

FEDERAL SPECIFICATION

CABLE AND WIRE; THERMOPLASTIC-INSULATED, GENERAL PURPOSE

(0-TO 600-VOLT SERVICE)

This Interim Amendment was developed by General Services Administration, Federal Supply Service, Washington 25,D.C., based upon currently available technical information. It is recommended that Federal agencies use it in procurement and forward recommendations for changes to the preparing activity at the address shown above.

The General Services Administration has authorized Federal agencies to use this Interim Amendment as a valid addition to Federal Specification J-C-129c.

Page 2, paragraph 2.1: Under listing "Military Specifications", add: MIL-Q-9858 - Quality Control System Requirements.

Page 2, paragraph 3.1, line 5, delete: "and the pertinent American Standards Association, Inc., Standards."

Page 3, paragraph 3.2.1, line 7: After "listing", add: "with reexamination".

Page 3, paragraph 3.2.2, line 1: After "listing", add: "with reexamination".

Page 3, paragraph 4.1.1: Delete in its entirety and substitute:

4.1.1 If it is determined by the Government that the quality assurance procedures utilized by the supplier comply with the requirements of MIL-Q-9858, the inspection records of the supplier's examination and tests will be accepted as evidence that the supplies and services conform to the requirements of this specification in lieu of the performance of the inspection procedures specified herein.
