DATA ITEM DESCRIPTION

Title: Production Report

Number: DI-MGMT-81867
AMSC Number: N9273
DTIC Applicable: N/A
Office of Primary Responsibility: SH/NSWC
Applicable Forms: N/A

Approval Date: 20120802
Limitation: N/A
GIDEP Applicable: N/A

Use/relationship: The Production Report will provide the Government with the information needed to monitor production and delivery status for systems and equipment.

This DID contains the format and content preparation instructions for the data product generated by the specific and discrete task requirement as delineated in the contract.

Requirements:

1. Format. The Production Report shall be in the Contractor's format.

2. Content. The Production Report shall contain the following:
   a. List of all deliverables by Contract Line Item Number (CLIN).

   b. Production milestones, including material order and material receipt.

   c. Anticipated and actual delivery dates of all items by CLIN. If an anticipated delivery date is later than the delivery date established, the following shall be included:

      (1) An explanation;

      (2) Date a request for extension was submitted; identification of the requested new date; and what constituted the offer of consideration;

      (3) A description and discussion of any problems and issues affecting production or delivery.

3. End of DI-MGMT-81867.
