COMMERCIAL ITEM DESCRIPTION

LAMP, INCANDESCENT (TRADE NO. 300PAR56/2SP)

The General Services Administration has authorized the use of this commercial item description.

This description covers a PAR reflector incandescent lamp.

Salient characteristics:

PAR 56 heat resistant glass bulb
Base - two screw terminals
Watts - 300
Volts - 120
Filament design - CC 13
Maximum overall length = 4-1/2 inches
Average rated life - 2,000 hours
Approximate initial lumens - 3,840

The lamp shall be tested for conformance to salient characteristics in accordance with the applicable test method provisions of Federal Specification W-L-101.

Workmanship. The lamp shall have no defect that affects serviceability or appearance.

The issue of W-L-101 in effect on the date of solicitation shall be used to determine compliance with these requirements.

Regulatory requirements. The offeror/contractor is encouraged to use recovered materials in accordance with Public Law 94-580 to the maximum extent practicable.

Preservation, packaging, packing, labeling, and marking. The preservation, packaging, packing, labeling, and marking shall be as specified in the contract or order.

Federal Specification W-L-101 is available from General Services Administration, Specification Section (WFSIS), 7th & D. Streets, SW, Washington, DC 20407.

Note. The NSN for this lamp is 6240-00-917-0774.
