COMMERCIAL ITEM DESCRIPTION

BAG, CANVAS, HARDWARE

The General Services Administration has authorized the use of this commercial item description

This description covers cloth hardware bags designed for the user to protect an item or items when not in use

Salient characteristics

The bags shall be made of plain soft weave, unbleached cotton duck, minimum weight 12.29 ounces per square yard. The inside dimensions of the bag shall be 7-1/2 inches wide ± 1/4 inch, 9-1/2 inches long ± 1/4 inch.

The bag shall be designed with a flap closure 3-1/4 inches long ± 1/4 inch and a rust-proof snap fastener. The top half of the fastener shall be located 1 inch ± 1/8 inch from the flap edge and centered. The bottom half of the fastener shall be suitably centered on the body of the bag to receive the top half of the fastener to provide a neat closure. The fastener shall be not less than 1/2 inch in diameter (see figure)

The bag shall be sewn with polyester thread six to eight stitches per inch, or any other thread used commercially for this purpose at the option of the contractor. Thread breaks in all stitching shall be overstitched not less than 1 inch at each break. Thread tension shall be maintained to avoid loose stitching. All thread ends shall be trimmed

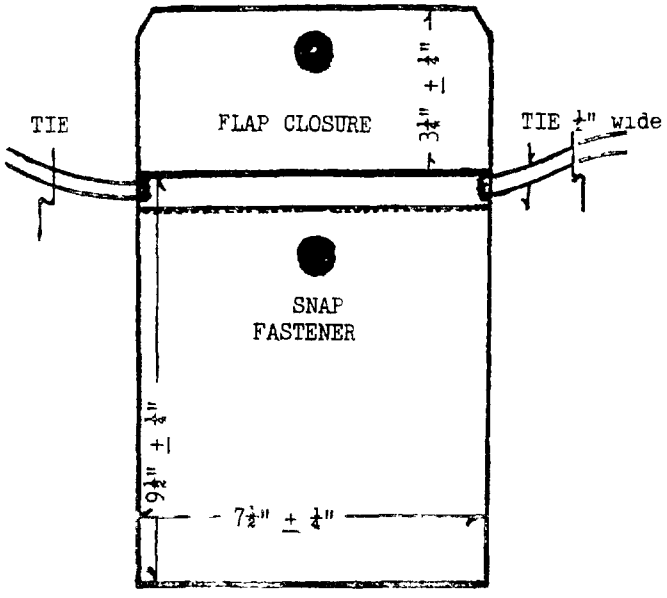

The seams of the bag shall be a maximum of 3/16 inch from the edge of the material. Seams shall be evenly maintained and properly sewn to avoid runoffs, twists, pleats, or puckers

The bag shall be provided with a 1/2-inch minimum wide cloth tape tie. The tape shall be securely attached to each side of the bag, inside, at the flap closure fold (see figure). The tape shall extend a minimum of 7 inches from each side.

Workmanship. The bags shall be uniformly constructed and free from holes, cuts, splits, or defects which might affect their serviceability.

Regulatory requirements. The offeror/contractor is encouraged to use recovered materials in accordance with Public Law 94-580 to the maximum extent practicable.

Preservation, packaging, packing, labeling, and marking. Preservation, packaging, packing, labeling, and marking shall be as specified in the contract or order

PREPARING ACTIVITY:

GSA - OPP
