COMMERCIAL ITEM DESCRIPTION

SOAP HOLDER, DISPOSABLE

The General Services Administration has authorized the use of this commercial item description by all federal agencies.

1. SCOPE

1.1 Scope. This commercial item description (CID) covers a disposable, rectangular shaped plastic soap holder, intended for storing an individual bar of soap.

2. SALIENT CHARACTERISTICS

2.1 Material. Soap holders shall be of nonflammable type plastic.

2.2 Nesting. The holders shall be stackable, one within another, for storage.

2.3 Dimensions. Inside bottom dimensions shall be a minimum of 3 inches (76.2 mm) long, 1-3/4 inches (44.4 mm) wide, and 7/16 inch (11.1 mm) deep.

2.4 Air Circulation. Raised ribs to provide for air circulation drying shall be a minimum of 3/32 inch (2.3 mm) in height and shall be the entire length of the holder.

2.5 Color. The plastic holders shall be clear or pastel shade at the option of the manufacturer.

2.6 Workmanship. Holders shall be free from holes, sharp edges, fins or projections, or other defects that would affect appearance, function, or serviceability.

2.7 Measurement system. The values stated in inch-pound units are to be regarded as the standard. The metric values stated in parentheses are for information purposes only.

Beneficial comments, recommendations, additions, deletions, clarifications, etc. and any data which may improve this document should be sent to: General Services Administration, Engineering Branch (7FXEE), 819 Taylor St., Fort Worth, TX 76102

Check the source to verify that this is the current version before use.

2.8 Metric products. Products manufactured to metric dimensions will be considered on an equal basis with those manufactured using inch-pound units, providing they fall within the tolerances specified and all other requirements of this document are met. If a product is manufactured to metric dimensions and those dimensions exceed the tolerances specified in the inch-pound units, a request should be made to the contracting officer to determine if the product is acceptable.

3. REGULATORY REQUIREMENTS

3.1 Regulatory requirements. The offeror/contractor is encouraged to use recovered materials to the maximum extent practicable, in accordance with paragraph 23.403 of the Federal Acquisition Regulation (FAR).

4. QUALITY ASSURANCE PROVISIONS

4.1 Product Conformance. The products provided shall meet the salient characteristics of this commercial item description, conform to the producer's own drawings, specifications, standards, and quality assurance practices and be the same product offered for sale in the commercial market. The government reserves the right to require proof of such conformance.

5. PACKAGING

5.1 Packaging. Preservation, packing, and marking shall be as specified in the contract or order.

6. NOTES

6.1 Ordering data. Purchasers should select the preferred options permitted herein and include the following information in procurement documents (if applicable).

a. Title, number and date of this commercial item description.
b. The preservation, packing, and marking desired.

6.2 Referencing NSN. 4510-00-965-1259
