MIL-T-63072 (AR)
AMENDMENT 3
23 December 1982
SUPERSEDES
AMENDMENT 2
06 June 1980

MILITARY SPECIFICATION

THREAD, POLYESTER

This Amendment forms a part of Military Specification MIL-T-63072(AR), dated 28 March 1977, and is approved for use by the US Army Armament Research and Development Command and is available for use by all Departments and Agencies of the Department of Defense.

PAGE 3

* 3.6 Finish. Delete this paragraph in its entirety and substitute the following:

"3.6 Finish. The thread shall have silicon oil 200 centistoke lubricant or finish applied to provide good sewing characteristic as determined by the user and when tested as specified in 4.5.5."

3.7 Put-Up. Line 8, after the word ounces, add the word "or".

PAGE 9

4.4.4 Inspection equipment. Delete this paragraph in its entirety and substitute the following:

"4.4.4 Inspection Equipment. For the performance of all tests and examinations specified in 4.4, commercial inspection equipment should be employed. The contractor shall have available, and utilize correctly, this equipment and is charged with the responsibility of assuring that proper calibration procedures are followed. Government approval of all inspection equipment is required prior to its use for acceptance purposes."

6.2 Ordering data. Add the following:

"f. Finish as specified in the contract (see 3.6)."

PAGE 12

6.5 Submission of inspection equipment designs for approval. Delete this paragraph in its entirety and substitute the following:

"6.5 Prior approval of the Contracting Officer is required for use of equivalent test methods. A description of the proposed method should be submitted through the Contracting Officer to: Commander, ARRADCOM, ATTN: DRDAR-QAR-R, Dover, NJ 07801. This description should include but not be limited to the procedures used, the accuracy and precision of the method, test data to demonstrate the accuracy and precision and drawings of any special equipment required."

The margins of this amendment are marked with an asterisk to indicate where changes (additions, modifications, corrections, deletions) from the previous amendment were made. This was done as a convenience only and the Government assumes no liability whatsoever for any inaccuracies in these notations. Bidders and contractors are cautioned to evaluate the requirements of this document based on the entire content irrespective of the marginal notations and relationship to the last previous amendment.
